Unknown Pilgrim:

Unknown Pilgrim John C. Sutcliffe, 1985 Anonymous Pilgrims ,1897 *The Pilgrim's Tale* Aleksei Pentkovsky, 1999
Based on the Jesus prayer *The Pilgrim's Tale* is the most famous example of Russian Orthodox spiritual literature The volume is particularly important because this translation is based on the original manuscript as opposed to many other current versions which are based on existing translations

Unknown Pilgrim John Sutcliffe, 1981 The Care of Nuns Katie Ann-Marie Bugyis, 2019-04-01 In her ground breaking new study Katie Bugyis offers a new history of communities of Benedictine nuns in England from 900 to 1225 By applying innovative paleographical codicological and textual analyses to their surviving liturgical books Bugyis recovers a treasure trove of unexamined evidence for understanding these women's lives and the liturgical and pastoral ministries they performed She examines the duties and responsibilities of their chief monastic officers abbesses prioresses cantors and sacristans highlighting three of the ministries vital to their practice liturgically reading the gospel hearing confessions and offering intercessory prayers for others Where previous scholarship has argued that the various reforms of the central Middle Ages effectively relegated nuns to complete dependency on the sacramental ministrations of priests Bugyis shows that in fact these women continued to exercise primary control over their spiritual care Essential to this argument is the discovery that the production of the liturgical books used in these communities was carried out by female scribes copyists correctors and creators of texts attesting to the agency and creativity that nuns exercised in the care they extended to themselves and those who sought their hospitality counsel instruction healing forgiveness and intercession
