Wilde Total:

The Publishing History of Aubrey Beardsley's Compositions for Oscar Wilde's Salome Joan Navarre, 1999 This study claims that scholars need to examine all twenty seven English illustrated editions of Wilde's and Beardsley's Salome to understand whether Beardsley's compositions do or do not illustrate Wilde's words For the last one hundred years scholars have addressed the aesthetic function of Beardsley's compositions whether or not Beardsley's compositions illustrate Wilde's words and each scholar sees something different Beardsley's compositions are irrelevant to Wilde's words Beardsley's compositions are relevant to Wilde's words Beardsley's compositions are both irrelevant and relevant What is at issue here is that this traditional dance of signification scholars interpretations of the aesthetic function of Beardsley's compositions relies upon an interpretive strategy that disavows the history of textual transmissions To put this another way what scholars see depends upon the particular English illustrated edition's they read Beardsley's compositions are physical objects conditioned by a physical setting i.e. the components of total book design Yet for many the visible appears invisible The motivation for this study arises from previously unexamined phenomena the genesis and textual transmission of Beardsley's compositions for Salome 1894-1994 As historical textual scholarship this study uses the methodologies central to descriptive bibliography the English illustrated editions of Wilde's and Beardsley's Salome are treated as socially constructed physical objects Binding format and paper are a few of the signifying systems described Specifically this investigation draws upon the model presented by Philip Gaskell in *A New Introduction to Bibliography* The necessary tasks include transcribing the title page analyzing the format examining the appearance of the binding detailing the kind of paper used and noting other information such as titles As the centenary of Wilde's and Beardsley's Salome commences this is the opportune time to trace the publishing history of Beardsley's compositions to update existing descriptive bibliographies and to turn to an empirical method for a socialized model of literary production

Bennett, 2016-01-12 As the first collection of essays about Oscar Wilde's comedies the contributors re-evaluate Oscar Wilde's society plays as comedies of manners to see whether this is actually an apt way to read Wilde's most emblematic plays Focusing on both the context and the texts the collection locates Wilde both in his social and literary contexts

Profession Josephine M. Guy, Ian Small, 2000 A materialist account of Wilde's career as a writer Oscar Wilde's Profession contests three widely held assumptions about his success that there is a clear distinction between his life as a journalist and his artistic celebrity that he was an aesthetic purist in his attitude towards his own books and that his career was driven by an oppositional sexual or nationalist politics The authors bring together evidence from the publishing trade from Wilde's contracts and correspondence with publishers and from documentation about his earnings particularly the plays to show that he always worked for money but that he achieved far less financial success than is usually thought Far from subverting the nascent consumerism of his time he was thoroughly immersed in its values in the commodification of culture in which books became product At the same time Oscar Wilde's Profession provides a uniquely detailed account of Wilde's processes of composition springing from the re-examination of his writing practice currently being undertaken in the Oxford English Texts edition of his complete work it surveys his writing practices across the whole of the oeuvre and radically reinterprets the significance of his revision and plagiarism **The Motor Truck**, 1913 Poor's financial records, 1926 **Poor's...1925**, 1927 *Pacific Fisherman*, 1929 **Annals of the Free Foresters from 1856 to the Present Day** William Kirkpatrick Riland Bedford, William Edmund Wood Collins, 1895
