Read, Rhyme, and Romp Heather McNeil, 2012-06-26 Designed to promote literacy in young children and to empower parents educators and librarians this guide is filled with simple strategies creative activities and detailed instructions that help make reading fun Encouraging a love of reading in young children can be a source of both great frustration and immense joy This handy resource provides essential tips techniques and strategies for making early literacy development fun and inspiring a lifelong love of reading Read Rhyme and Romp Early Literacy Skills and Activities for Librarians Teachers and Parents explores the six basic pre literacy skills that experts agree are necessary for a young child to be ready to learn to read Special sections within each chapter are dedicated to the specific needs of preschool teachers parents and librarians making the content relevant to different settings Recommended book lists personal anecdotes and literacy rich activities combine to create an effective and accessible plan for implementing an early literacy program *Wombat Down Below!* Jill Morris, 2004 Picture book for early primary school age readers Big Foot the hairy nosed wombat faces a dangerous predator while people are quietly rallying around to save his species Based on real life events in a small national park in Queensland Includes factual information about wombats **The Story of Goldie Owl and the Three Wombats** Rob Talbot, 2015-02-23 The Story of Goldie Owl and the Three Wombats comes from my early exposure to storytelling and my appreciation of native animals which has been a life long love affair The natural fauna of Australia are unique to the world Perhaps the storytelling from my earliest memory helped me to write as much as I did to defend the native species of my home country when much later I became a member of a conservation group and did all I could to protect those natural wonders I come from a time before there was television Apart from reading there were regular nights spent listening as a family to the latest radio adventure In those days the imagination was used instead of the screen My imagination was nurtured from these earliest times and I am certain the old aunts and uncles as well as my mother and father actually enjoyed reading to me my brother and my sister It was not a duty it was a pleasure I have a great sense of that even now Television silently put the imagination to sleep and gave us what it wanted us to see Until that time the images and feelings were projected via the human voice through wireless technology to entertain all of us as we sat in the lounge room hardly speaking Each of us formulated the scenes we were intended to visualise in our minds Spoken to envision by human voices but imagined by us It was a quieter time a more relaxed time in which our minds were working overtime I would like to offer full praise to Sol Collins whose fine illustrations grace the pages of *The Story of Goldie Owl and the Three Wombats* She made the creatures come alive with her art Thank you Sol *Inside Out Down Under* Diana Somerville, 2006 **"Down Under,"** N.
