Wuhu Diary:

Wuhu Diary Emily Prager,2007-12-18 In 1994 an American writer named Emily Prager met her new daughter LuLu All she knew about her was that the baby had been born in Wuhu a city in southern China and left near a police station in her first three days of life Her birth mother had left a note with Lulu s western and lunar birth dates In 1999 Emily and her daughter now a happy fearless four year old returned to China to find out more That journey and its discoveries unfold in this lovely touching and sensitively observed book In *Wuhu Diary* we follow Emily and LuLu through a country where children are doted on yet often summarily abandoned and where immense human friendliness can coexist with outbursts of state orchestrated hostility particularly after the U S accidentally bombs the Chinese embassy in Belgrade We see Emily unearthing precious details of her child s past and LuLu coming to terms with who she is The result is a book that will delight anyone interested in China and that will move and instruct anyone who has ever adopted or considered adopting a child

Wuhu Diary (Aar) Emily Prager,2010-12-15 In 1994 Emily Prager adopted a 7 month old baby in China Almost five years later she goes back with LuLu now a little American girl to spend three months in Wuhu the town where her daughter was born in Anhui Province Southern China searching for clues to unlock the mystery of LuLu Within a week of their arrival NATO has bombed the Chinese embassy in Belgrade and anti American feeling is running high Emily s is the only non Chinese face on the streets but Lulu as a native of the town is sacrosanct Mother daughter and townspeople become involved in a relationship of warmth and complexity that stands politics and prejudice on its head It is Lulu s joy and pride at having found them that people cannot get over After all this is the same town that threw her away Wuhu Diary Emily Prager,2010-12-15 In 1994 Emily Prager adopted a 7 month old baby in China Almost five years later she goes back with LuLu now a little American girl to spend three months in Wuhu the town where her daughter was born in Anhui Province Southern China searching for clues to unlock the mystery of LuLu Within a week of their arrival NATO has bombed the Chinese embassy in Belgrade and anti American feeling is running high Emily s is the only non Chinese face on the streets but Lulu as a native of the town is sacrosanct Mother daughter and townspeople become involved in a relationship of warmth and complexity that stands politics and prejudice on its head It is Lulu s joy and pride at having found them that people cannot get over After all this is the same town that threw her away *Wuhu Diary* Emily Prager,2001 All Emily Prager had at first was a blurred photograph of a baby but it would be her baby if she journeyed to China to pick her up Emily brought back to America the baby chosen for her She was named Lulu and Emily was determined to honor Lulu s heritage by sending her to a Chinese school in New York City s Chinatown But of course there were always questions from Lulu about her past and the town of Wuhu where she was born And Emily herself had a special affinity for China because she had spent part of her own childhood there So together they journeyed to Wuhu eager to discover anything they could But finding answers was difficult and at first they were met with suspicion particularly after the U S accidentally bombed the Chinese embassy in

Kosovo Wuhu Diary is unique in that it tells of encountering and understanding a modern but ancient culture through the irresistible presence of a child while it reveals the emotional bond that grows between Emily and Lulu as they try to become a part of this Chinese city

Fictions of America Judie Newman, 2007-12-04 The Internet has had a huge impact on channels of communication and information reaching across time and space to connect the world through globalisation In this Internet led world story links to story windows open on new stories and no overall authority establishes priority This sense of globalisation has raised many questions for contemporary American Novelists primarily the usefulness or redundancy of narrative and its potentially adaptive function What are the right stories for such a broadband world How do contemporary American novelists respond to issues such as the influence of the multinational corporation and its predecessors human rights Imperialism the literary work as a marketable commodity translation as betrayal data overload and the implosion of the virtual into the biosphere Is globalisation inevitable or is it a fiction which fiction turns into reality Fictions of America explores these questions and looks at the ways in which India China and Africa can be said to have underwritten American culture how literature has been marketed globally and how novelists have answered back to power with resistant fictions Judie Newman examines a wide range of fiction from the mid nineteenth to the twenty first century including the transnational adoption narrative short story historical novel slave narrative international bestseller and Western to illustrate her argument Looking closely at authors such as Bharati Mukherjee John Updike Emily Prager Hannah Crafts Zora Neale Hurston David Bradley Peter Heg and Cormac McCarthy Fictions of America provides a bold response to the crucial questions raised by globalisation

The Imprint of Another Life Margaret Homans, 2013-07-18 The Imprint of Another Life Adoption Narratives and Human Possibility addresses a series of questions about common beliefs about adoption Underlying these beliefs is the assumption that human qualities are innate and intrinsic an assumption often held by adoptees and their families sometimes at great emotional cost This book explores representations of adoption transracial transnational and domestic same race adoption that reimagine human possibility by questioning this assumption and conceiving of alternatives Literary scholar Margaret Homans examines fiction making a special relationship to themes of adoption as if form of family making fabricated or fictional instead of biological or real Adoption has tended to generate stories rather than uncover bedrock truths Adoptive families are made not born in the words of novelist Jeanette Winterson adopted children are self invented because we have to be In attempting to recover their lost histories and identities adoptees create new stories about themselves While some believe that adoptees cannot be whole unless they reconnect with their origins others believe that privileging biology reaffirms hierarchies such as those of race that harm societies and individuals Adoption is lived and represented through an irresolvable tension between belief in the innate nature of human traits and belief in their constructedness contingency and changeability The book shows some of the ways in which literary creation and a concept of adoption as a form of creativity manages this tension The texts examined include fiction e.g classic novels such as Silas

Marner What Maisie Knew and Beloved memoirs by adoptees adoptive parents and birthmothers drama documentary films advice manuals social science writing and published interviews with adoptees parents and birth parents Along the way the book tracks the quests of adoptees who whether or not they meet their original families must construct their own stories rather than finding them follows transnational adoptees as they return hopes held high to Korea and China looks over the shoulders of a generation of girls adopted from China as they watch Disney's iconic Mulan with its alluring story of destiny written on the skin and listens to birthmothers as they struggle to tell painful secrets held for decades This book engages in debates within adoption studies women's and gender studies transnational studies and ethnic studies it will appeal to literary scholars and critics including specialists in memoir or narrative theory and to general readers interested in adoption and in race

Asian American Fiction, History and Life Writing Helena Grice, 2012-11-12 The last ten years have witnessed an enormous growth in American interest in Asia and Asian American history In particular a set of key Asian historical moments have recently become the subject of intense American cultural scrutiny namely China's Cultural Revolution and its aftermath the Korean American war and its legacy the era of Japanese geisha culture and its subsequent decline and China's one child policy and the rise of transracial international adoption in its wake Grice examines and accounts for this cultural and literary preoccupation exploring the corresponding historical political situations that have both circumscribed and enabled greater cultural and political contact between Asia and America
