Fires Alaina Lemon, 2000-07-20 The gypsies of Russia and the part they have played in both Soviet and Post Soviet society **Geographies of Exclusion** David Sibley, 2002-09-26 Images of exclusion characterised western cultures over long historical periods In the developed society of racism sexism and the marginalisation of minority groups exclusion has become the dominant factor in the creation of social and spatial boundaries Geographies of Exclusion seeks to identify the forms of social and spatial exclusion and subsequently examine the fate of knowledge of space and society which has been produced by members of excluded groups Evaluating writing on urban society by women and black writers the author asks why such work is neglected by the academic establishment suggesting that both practices which result in the exclusion of minorities and those which result in the exclusion of knowledge have important implications for theory and method in human geography Drawing on a wide range of ideas from social anthropology feminist theory sociology human geography and psychoanalysis the book presents a fresh approach to geographical theory highlighting the tendency of powerful groups to purify space and to view minorities as defiled and polluting and exploring the nature of difference and the production of knowledge

Philosophy in Geography S. Gale, Gunnar Olsson, 2012-12-06 In any edited volume most credit is due to the individual authors The present case is no exception and we as editors have done little apart from serving as coordinators for a group of friends and colleagues For once the responsibilities are shared We feel that the collection gives a fair representation of the activities at the frontier of human geography in North America Whether these premonitions will be further substantiated is of course to be seen In the meantime we take refuge in Vico s saying that doctrines must take their beginning from that of the matter of which they treat And yet we also know that new treatments never lead to final ends but rather to new doctrines and to new beginnings It is also a pleasure to acknowledge those publishers and authors who have given permission to reprint copyrighted materials Association of American Geographers for Leslie J King s Alternatives to a Positive Economic Geography Annals of the Association of American Geographers Vol 66 1976 Edward Arnold Publishers Ltd for Yi Fu Tuan s Space and
