Bayram, Maki Kubota, Sergio Miguel Pereira Soares, 2024-03-27 Over the past three decades studies investigating heritage speaker HS linguistic competencies have shown time and again that despite being L1 or 2L1 native speakers of their home language s HS outcomes display variation across a wide spectrum of differences as compared to each other other types of bilinguals as well as their monolingual peers Studies have traditionally used mostly behavioral methodologies rooted in

adjacent established fields e.g. L1 acquisition, adult L2 acquisition, offering in addition to documenting and describing HS performance important insights for linguistic theory and challenges related to home minority language maintenance, contact policy and more. A birds eye view makes it clear that the methodologies one uses to tap into HSs linguistic knowledge areas if not more are important than the phenomena under investigation especially in light of how their unique experiences with their heritage and other languages are present across a continuum.

The Seal of Biliteracy in Higher Education Kristin J. Davin, Amy J. Heineke, 2024-12-27

This book brings together the work of those implementing using or researching the Seal of Biliteracy SoBL in higher education contexts. Book chapters detail how various institutions of higher education (IHEs) are leveraging their state's SoBL policy and or the Global SoBL to promote biliteracy within and across communities. In all 50 United States high school graduates can earn a state SoBL which is noted on the high school transcript to certify the ability to read, write, speak and listen in more than one language. An increasing number of IHEs recognize the SoBL and evidence suggests that such policies can serve as a recruitment tool, boost enrollment in modern language departments and facilitate placement into modern language coursework. This book provides examples of how IHEs can implement the state SoBL, the Global SoBL or their own recognition to recognize students' multilingualism, boost enrollment, enhance practice and nurture biliteracy in their communities. The research based examples in each chapter provide robust examples of how IHEs can leverage the SoBL to increase equity and access to higher education for multilingual students. This book targets educators, leaders, policymakers and researchers interested in collaborating to enhance multilingualism in their communities. Whether working in K-12 schools or IHEs, readers can learn about potential avenues to expand pipelines, partnerships and possibilities for learners to earn and benefit from a SoBL.
