Spartan Run:

Endurance Running William Bridel, Pirkko Markula, Jim Denison, 2015-10-05 Running is a fundamental human activity and holds an important place in popular culture. In recent decades it has exploded in popularity as a leisure pursuit with marathons and endurance challenges exerting a strong fascination. Endurance Running is the first collection of original qualitative research to examine distance running through a socio-cultural lens with a general objective of understanding the concept and meaning of endurance historically and in contemporary times. Adopting diverse theoretical and methodological approaches to explore topics such as historical conceptualizations of endurance, lived experiences of endurance running, and the meaning of endurance in individual lives, the book reveals how the biological, historical, psychological, and sociological converge to form contextually specific ideas about endurance running and runners. Endurance Running is an essential book for anybody researching across the entire spectrum of endurance sports and fascinating reading for anybody working in the sociology of sport or the body, cultural studies, or behavioural science.

Off Course Erin Beresini, 2014 From a young journalist and seasoned athlete, a funny fist-pumping ride through the wacky world of obstacle course racing. Tough Mudder, Spartan Race, etc.

Get Muddy Gail Waesche Kislevitz, 2015-10-25 Obstacle course racing: good, crazy, masochistic fun. A collection of dramatic first-person stories about the experience of competing in obstacle course races. In the style of First Marathons and Becoming an Ironman, these stories give the personal experience of participating in the sport, either for the first time or as a lifestyle. Plus many tips for better performance. OCR is the new series of events for people who have become bored with chasing down mile after mile in a marathon or doing a triathlon or say completing Army boot camp. OCR involves a constantly changing combination of such challenges as crawling under barbed wire, jumping over fire, spear-throwing, wall-scaling, enduring electric shocks, plunging into ice water baths, all while running a course that may be anywhere from 3 to 10 miles or more. Participation numbers for OCR are booming. Just as marathons and 10Ks saw a huge national running boom, we are now at the dawn of the OCR Boom. Get Muddy will appeal to everyone from the mildly curious to the wildly committed. So go get muddy. Doing an OCR will make you feel alive again. We are naturally wired to run, sweat, and struggle a bit. Get outside and get the juices flowing. You'll feel great. Joe DeSena, founder, Spartan Race Series. OCR lets you play like a kid and experience life unedited. Margaret Schlachter, author of Obstacle Race Training: How to Beat Any Course, Compete Like a Champion, and Change Your Life, and the first professional female obstacle course racer.
