Aufheben Collective, 2020-10-13 The Russian Revolution and the subsequent establishment of the USSR as a workers state has dominated political thinking for more than three generations In the past it seemed enough for communists to define their radical separation with much of the left by denouncing the Soviet Union as state capitalist This is no longer sufficient if it ever was Many Trotskyists for example now feel vindicated by the restoration of capitalism in Russia To transform society we not only have to understand what it is we also have to understand how past attempts to transform it failed In What Was The USSR Aufheben explores the inadequacies of the theory of the USSR as a degenerated workers state and the various versions of the theory that the USSR was a form of state capitalism Aufheben is a UK based libertarian communist journal that has been active since 1992 What Was The USSR was a series of articles published by them in issues 6-9 between 1997 and 2000 The Radical Reprint by Pattern Books is made to be as accessible and as close to manufacturing cost as possible
