State Of U S History:

Boundaries of the State in US History James T. Sparrow, William J. Novak, Stephen W. Sawyer, 2015-10-12 The question of how the American state defines its power not what it is but what it does has become central to a range of historical discourses from the founding of the Republic and the role of the educational system to the functions of agencies and America's place in the world Here James Sparrow William J Novak and Stephen Sawyer assemble some definitional work in this area showing that the state is an integral actor in physical spatial and economic exercises of power They further imply that traditional conceptions of the state cannot grasp the subtleties of power and its articulation Contributors include C J Alvarez Elisabeth Clemens Richard John Robert Lieberman Omar McRoberts Gautham Rao Gabriel Rosenberg Jason Scott Smith Tracy Steffes and the editors
