Stay Up Late:

Advances in Human Factors in Training, Education, and Learning Sciences Waldemar Karwowski, Tareq Ahram, Salman Nazir, 2019-06-01 This book focuses on the importance of human factors in optimizing the learning and training process. It reports on the latest research and best practices and discusses key principles of behavioral and cognitive science which are extremely relevant to the design of instructional content and new technologies to support mobile and multimedia learning, virtual training and web based learning among others as well as performance measurements, social and adaptive learning and many other types of educational technologies with a special emphasis on those important in the corporate, higher education and military training contexts. Based on the AHFE 2019 Conference on Human Factors in Training, Education and Learning Sciences held on July 24-28, 2019 in Washington D.C. USA, the book offers a timely perspective on the role of human factors in education. It highlights important new ideas and will foster new discussions on how to optimally design learning experiences.

Ebook: Adolescence Steinberg, 2016-04-16 **Ebook Adolescence** **Adolescent, The: Development, Relationships, and Culture** Kim Dolgin, Kim G. Dolgin, 2013-11-01 For undergraduate courses in Adolescence and Adolescent Development. The *Adolescent Development, Relationships and Culture* offers an eclectic interdisciplinary approach to the study of adolescence, presenting both psychological and sociological viewpoints as well as educational, demographic and economic data. This text discusses not just one theory on the subject but many and outlines the contributions, strengths and weaknesses of each. The authors also take into consideration current and important topics such as ethnic identity formation, gender issues, the Internet, effects of single parent families, etc. **Regret** Paddy McQueen, 2024. Philosopher Paddy McQueen provides a detailed examination of the nature of regret and its role in decision making. Additionally, he explores how experiences of regret are shaped by social discourses, especially those about gender and parenthood. *Why* Samantha Kleinberg, 2015-11-16. Can drinking coffee help people live longer? What makes a stock's price go up? Why did you get the flu? Causal questions like these arise on a regular basis but most people likely have not thought deeply about how to answer them. This book helps you think about causality in a structured way. What is a cause? What are causes good for and what is compelling evidence of causality? Author Samantha Kleinberg shows you how to develop a set of tools for thinking more critically about causes. You'll learn how to question claims, identify causes, make decisions based on causal information and verify causes through further tests. Whether it's figuring out what data you need or understanding that the way you collect and prepare data affects the conclusions you can draw from it, *Why* will help you sharpen your causal inference skills. *The Computing Universe* Anthony J. G. Hey, Gyuri Pápay, 2015. This exciting and accessible book takes us on a journey from the early days of computers to the cutting edge research of the present day that will shape computing in the coming decades. It introduces a fascinating cast of dreamers and inventors who brought these great technological developments into every corner of the modern world and will open up the universe of computing to anyone who has ever wondered where his or her
