Staying In:

Illegally Staying in the EU Benedita Menezes Queiroz, 2018-02-22 Principally this book comprises a conceptual analysis of the illegality of a third country national's stay by examining the boundaries of the overarching concept of illegality at the EU level. Having found that the holistic conceptualisation of illegality constructed through a combination of sources both EU and national law falls short of adequacy, the book moves on to consider situations that fall outside the traditional binary of legal and illegal under EU law. The cases of unlawfully staying EU citizens and of non-removable illegally staying third country nationals are examples of groups of migrants who are categorised as atypical. By looking at these two examples, the book reveals not only the fragmentation of legal statuses in EU migration law but also the more general ill-fitting and unsatisfactory categorisation of migrants. The potential conflation of illegality with criminality as a result of the way EU databases regulate the legal regime of illegality of a migrant's stay is the first trend identified by the book. Subsequently, the book considers the functions of accessing legality both instrumental and corrective. In doing so, it draws out another trend evident in the EU illegality regime: a two-tier regime which discriminates on the basis of wealth and the instrumentalisation of access to legality by Member States for mostly their own purposes. Finally, the book proposes a corrective rationale for the regulation of illegality through access to legality and provides a number of normative suggestions as a way of remedying current deficiencies that arise out of the present supranational framing of illegality. **Staying in Touch** Joel S.

Savishinsky, 1984 *Hate Crime in India* G. S. Bajpai, Garima Pal, Tusha Singh, Advait Tambe, 2023-05-25 This book investigates perceptions against the people of north-east India and why such prejudicial attitude exists. It subsequently quantifies and develops measures to counter such stereotypes and affiliated violence. This research examines the north-east Indian population's and the general Indian population's understanding of hate crime against the north-eastern population in metropolitan cities of India, both in concept and in perpetration. Further, it evaluates the existing constitutional and statutory provisions in India to determine if the proposed legislation and provisions are sufficient with regards to hate crime against north-eastern people of India. Drawing on empirical research addressing racial hate crimes in Delhi, Mumbai, Bengaluru, Chennai, Hyderabad, and Pune, this book's case studies provide a qualitative dive to the problem and offer experiential analysis in order to curate preventive measures. This book is ideal for scholars, researchers, teachers, and students interested in hate crime, racial violence, minority struggles, victimology, and law. *The Secret of Staying in Love* John Powell, 1974 John Powell with his special blend of insight and humor guides us in discovering our capacity to give and receive love. By first learning to love and accept ourselves, we develop an inner sense of celebration and satisfaction that extends to our relationships with others. Powell explains how we can nurture and strengthen loving relationships through the secret of staying in love. Communication: He details the process of dialoguing in simple exercises that give us a new and deeper knowledge of ourselves and those we love from back cover. **Calendar of the Patent Rolls Preserved in the Public**
