Tempting Morality:

Tempting Morality Geralyn Dawson, 1995 When Zach Burnett caught sight of Miss Morality Brown at the town revival meeting he envisioned her as the perfect cover for his scheme of revenge But Morality was a genuine innocent and when he shamelessly tempted her to passion she proved a real threat to Zach's vengeful heart and the only salvation for his tortured soul From the author of *Capture the Night* Morality Bernard Gert, 1998 For more than thirty years philosopher Bernard Gert has been developing and refining his distinctive and comprehensive moral theory This book presents the fullest statement yet of his influential theoretical model *Philosophical Approaches to the Devil* Benjamin W. Hausman, Michael S. McPherson, 1996-03-28 Understanding moral philosophy can lead to better economics Conversely economic insights and analytical tools can help philosophers This book draws these two ideas together Part I focuses on rationality and argues that in defending their model of rationality economists find themselves espousing fragments of a highly contestable moral theory In Part II the authors consider the dubious theory of welfare implicit in standard evaluations of welfare economics and utilitarianism Part III of this book is concerned with freedom rights equality and justice which are also important in evaluating economic policies and institutions Part IV shows that technical work in economics is guided by ethical concepts and is relevant to moral theorizing **Economic Analysis, Moral Philosophy, and Public Policy** Daniel Hausman, Michael McPherson, Debra Satz, 2017 This book shows how careful attention to moral reasoning can enrich economic understanding and clarify the importance and the limits of an economic analysis of policy problems Economic Analysis, Moral Philosophy and Public Policy Daniel M. Hausman, Michael S. McPherson, 2006-03-20 This 2006 book shows through accessible argument and numerous examples how understanding moral philosophy can improve economic analysis how moral philosophy can benefit from economists analytical tools and how economic analysis and moral philosophy together can inform public policy Part I explores rationality and its connections to morality It argues that in defending their model of rationality mainstream economists implicitly espouse contestable moral principles Part II concerns welfare utilitarianism and standard welfare economics while Part III considers important moral notions that are left out of standard welfare economics such as freedom rights equality and justice
