Bourke, 1968 **The Alien in Israelite Law** Christiana van Houten, 1991-01-01 One of the first systematic and critical reconstructions of the history of the social class of aliens in ancient society this study develops new insights gained from the sociological approach to biblical literature As Israel developed from tribal society to state from state to confessional community and from confessional community to province the identity and legal status of the alien developed in a concomitant way Laws which initially afforded the alien only partial social and cultic inclusion in the pre exilic period eventually required complete equality between the alien and Israelite in the postexilic period **A New Look at God's Law** Robert J. Wieland, 2000 Click on the Faith button and God's stern Ten Commandments suddenly become good news Believe how I am the Lord your God who has already historical past tense brought you out of Egypt out of the house of bondage and His Ten Commandments become before your eyes assurances of blessings **New Perspectives in American Jewish History** Mark A. surrounding these initiatives remain largely at a populist level New Perspectives in Philosophy of Education provides contemporary responses to philosophical issues that bear upon educational studies policies and practices contributing to the debate on the role of philosophy of education in an increasingly fractured intellectual milieu *New Outlook* ,1925

**Holiness and Society** Ronen Shoval,2024-08-15 Exploring the subtle political philosophy within the Biblical narrative this book presents enduring insights that complement Ancient Greek philosophy for contemporary political distinctions uncovering overlooked socio political ideologies to provide a unique perspective alongside the classical philosophical tradition By adopting a sociological approach Ronen Shovel interprets the Bible as a reflection of perspectives and ideologies emphasizing the intricate dynamics between rulers and subjects balancing justice and power within societies A key focus is the examination of holiness as a distinct political category influencing institutions ethics justice and even the use of force This perspective challenges traditional religious scholarship merging sociology with the concept of holiness *Holiness and Society* enriches political philosophy religious studies and sociology broadening their boundaries and offering fresh perspectives serving as a bridge between antiquity and modernity providing valuable insights into contemporary political thought **New Outlook** ,1961 *Perspectives on Ecocriticism* Ingemar Haag,Karin Molander Danielsson,Marie Öhman,2019-05-08 This volume gathers together papers presented at the conference Ecocriticism in the Nordic Countries Yesterday Today Tomorrow held in V ster s Sweden in 2017 organized by the research group Ecocritical Forum at M lardalen University The conference which was an attempt to survey local ecocritical activities transcended Nordic boundaries engaging scholars from Europe and the United States This expansion from the local to the global mirrors the subject of the conference ecocriticism a cross disciplinary field of research in the intersection of environmental issues and cultural expressions The chapters here engage with topical issues such as the Anthropocene sustainability in education and civilizational critique as well as schools of thought such as materialism dark ecology and animal studies The contributions discuss several types of cultural expressions including film and other visual media university course design and Nordic and English language novels and poetry This volume will attract the interest of readers from a number of different backgrounds both in the Nordic countries and internationally *New Perspectives on Advocacy, Trial and Appellate* Myron H.
