**Convergences** Dr. Nabil M. Abdel-Al, 2017-05-25 This anthology is an amalgam of the authors output in the domains of interpretation translation and literary scholarship It is a serious attempt to highlight the cardinal traits common to said fields This research is a vested trek into the inner workings of the authors profession interpretation and translation as well as his standing engagement with literary genres throughout the ages The books uniqueness resides in treating a diversity of matters interrelated in various ways although on the surface it appears to make up a queer admixture of dissimilar elements hence the title Convergences Interpretation and translation are twin vocations and between them convergence is all encompassing Both transform a message from a source to a target language Complementary and mutually supportive as they are yet there is a train of difference in the execution of these two inseparable professions the method nature and techniques involved in each Interpretation is the instantaneous the simultaneous in a word the express mode of communication and translation is the meditative the slow or the local medium of correspondence Concomitantly literature is the crucible for teleologically permeable convergences and incredible divergences It has a noble ontological message and brings out humanitys hidden treasures experiences thoughts and choices Literatures lofty missive is grounded in understanding the scenes events and characters it depicts excerpts of which feed into discourses to be interpreted and translated Clients come up with multiple interpretations depending on circumstances and the context in which texts are couched
