**Neuroethics** Fred Goodwin,2003-10 [Nine Lives](#) Nhys Glover,2013-11-02 When a handsome young man claiming to be three hundred years old offers Cara a chance at a new life in his future utopian world she considers she has two options back away cautiously or try to help the obviously deluded stranger Because it comes naturally to a teacher of autistic kids to help Cara decides to take the second option By doing so she unwittingly opens herself up to a passionate new love in an unimaginable new world where clones extend lifespans and time travel is used to repopulate a decimated human population To Jac Cara appears to be the ideal target for Retrieval a worthy productive human being But when her free thinking individualism begins to clash with his peaceful highly regulated world he has to rethink his priorities How much is he willing to change to keep this loving beautiful woman in his life And more importantly is he prepared to break the rules that define their very existence to stay with her

**The Bradbury Report** Steven Polansky,2010-05-04 Destined to take its place beside such classics of speculative fiction as 1984 Brave New World and The Handmaid s Tale this astonishing first novel is a beautifully written and riveting meditation on what it means to be human what it means to live and love wholeheartedly The year is 2071 In the United States the only nation in the world where human cloning is legal a government run cloning program is in place as the lynchpin of the health care delivery system Almost every U S citizen has a Copy living in a sequestered area called The Clearances When an Original is sick or injured and requires surgery whatever he needs is taken from his clone In the two decades since the program s inception no person has ever seen his Copy and no clone has ever successfully escaped Until now A widower in his sixties and an unlikely candidate for adventure Ray gets a call from a woman he has not seen or spoken to since their days together as students Anna is now a member of an underground abolitionist group and she asks Ray s help in hiding an escaped clone Ray is unwilling until he learns the clone is his The Bradbury Report is Ray s account of the journey he Anna and his clone a perfect replica of himself at twenty one undertake on the run from the authorities It is an epic journey and an exploration of one of the most pressing ethical dilemmas of the twenty first century A provocative vision of the American future and a haunting story of love and friendship and self

discovery The Bradbury Report will stay with you long after reading *Clone* Malcolm Rose, 2002 Jordan Finch's dad is a top scientist in the field of human cloning But Jordan isn't sure about his dad's crusade to be the first to clone a human being he's seen what cloning does to monkeys the deformities the early deaths And he becomes even less sure after meeting the enigmatic Maynard Maynard befriends Jordan in the hope of getting to Jordan's father He has to stop Patrick Finch before he takes the final step and seals humankind's fate a bleak future in which natural reproduction no longer exists **The Next Best Thing** Carlo Ciliberti, 2001-09 If only I knew then what I know now How many times have you heard it said How many times have you wished it Suppose two of your best friends offered to create a living clone an exact copy of you at the peak of your youth except that it would be genetically perfect and would age much slower than the original Suppose further that these friends who you knew could deliver could transfer your intellect your whole life experience into the clone In one painless process you would go to sleep as you are and wake up as a perfect 24 year old with all of your memories experiences and feelings intact It would be The Next Best Thing to going back to your youth with all of your present knowledge and wisdom Now suppose that while you were in the process of considering such an incredible proposal one of these friends proved to you beyond the shadow of a doubt that she was an extraterrestrial And then while delving into the groundbreaking technology that makes the cloning and transfer process possible you discovered something even more astounding The Tablet, 1997 The international Catholic weekly *FRI Bulletin*, 1990 *The Immortal Cell* Michael D.
