The Coming Floods:

The Coming Floods Jason Moore, 2005-06 As we approach the end of the age floods of trouble fear and deception will come in our world to test the faith of all who believe However amidst the darkness God will be working wonders among those whose hearts are fully His This book is a call to higher ground in the Spirit to a place of personal oneness with Christ Jason describes in detail a number of prophetic experiences God has given him concerning the future of the church and then provides a sound biblical basis for this urgent message from the heart of God

The Genesis Flood Revisited Andrew Snelling, 2022-10-25 Modeled after the 1961 ground breaking book *The Genesis Flood* by Drs Whitcomb and Morris this detailed work builds on that classic volume with new insights from decades of work by the author Dr Andrew Snelling and numerous colleagues This recent revolution in geology and the explosion in geological research have established an even firmer basis for understanding the biblical Flood with a God honoring foundation the absolute authority and inerrancy of God s Word Examine details of the Creation Week as it builds a solid scriptural case for the Flood s catastrophic nature and global extent Find decisive answers to many questions about the Flood and Noah s Ark its construction and the animals taken onboard Delve deeply into astonishing geological details that unfold from the early chapters of Genesis including the Creation Week and the pre Flood world Explore detailed evidence and a concise informative 30 page color section with diagrams maps and more Dr Snelling jettisons the faulty evolutionary uniformitarian assumptions used by most geologists and instead interprets compelling new geological and observed field data within the biblical framework for the earth s history He also demonstrates that fossils were catastrophically buried in sedimentary layers being deposited rapidly on a global scale on the continental plates derived from the violent rifting apart of the original supercontinent His work demolishes radiometric dating the icon of the millions of years dogma and builds a thoroughly powerful case for a young earth that explains many geological features such as varves evaporites coal oil chalk granites and more that biblical skeptics sadly have used to scoff at God s Word Discover the powerful truth behind the earth s most enduring mysteries

Elliott, 2022-08-01 **Idol Church Idle Church** is a book that will draw you closer to Christ It examines what idolatrous religions are trying to accomplish with their faith and practices and then looks at Christianity and how it is different from other religions It shows how easy it is for followers of Jesus to slip from a dynamic relationship with Christ into the same philosophy as idolatrous religion The book is realistic about how difficult it is to resist the slide into idolatry or idolatrous thinking but does suggest ways to remain strong in Christ and move churches into dynamic relationship and away from status quo thinking and practice

The Rapture Timing Mystery Craig R Cordle,2022-07-19 Do the scriptures support a secret Rapture to rescue the Church before the tribulation of the last days or do believers need to prepare to face a time of persecution that will test their faith Many Christians have been taught that Jesus Christ will Rapture away believers from the earth before the tribulation of the last days Many others believe the Church will go through the tribulation and meet Christ in the air at His Second Coming How do faithful Christians arrive at different conclusions This book takes a fresh look by weighing the biblical evidence to answer these questions about the Rapture Lay aside what you have always heard and take an impartial look of what does the Bible really say or doesn't say You may be surprised at what you discover The mystery surrounding the Rapture is explored by addressing six key questions in uncovering whether Christ's return is marked by one event or two The two most popular viewpoints the pretribulation and posttribulation Rapture will be contrasted in a fair and balanced study Prepare yourself for what lies ahead for our world Craig Cordle has spent over thirty seven years in the teaching ministry with a passion in Bible end time prophecy His insight in this area and impartially on the subject provides a unique perspective in addressing questions concerning the Rapture This book will serve as an invaluable guide in the debate of the timing of the Rapture 2 2
