The Natural and the Artefactual Keekok Lee, 1999-01-01 In this book philosopher Keekok Lee challenges one of the central assumptions of contemporary environmentalism that if we could reduce

or eliminate pollution we could save the planet without unduly disrupting our modern industrialized societies Lee argues instead that the process of modernization with its attendant emphasis on technological innovation has fundamentally transformed nature into just another manmade artefact Ultimately what needs to be determined is if nature has value above and beyond human considerations whether aesthetic spiritual or biological This provocative book attempts to reconfigure environmental ethics positing the existence of two separate ontological categories the natural and the artefactual Natural entities be they organisms or inert matter are morally considerable because they possess the ontological value of independence whereas artefacts are created by humans expressly to serve their own interests and ends

**Uncommon Ground** Robert T. Schuetz, 2021-08-19 SAVE THE LAKE That was the battle cry of Sommers and his unusual group of friends as they struggled to preserve the natural beauty and retain the quiet comforts of life on Lake Victoria But with time running out would they be able to overcome crooked cops greedy lawyers and violent gangsters Dale Sommers came pre programmed raised to be a defender Lake Victoria was like no other place on earth he believed it was his duty to protect her The only place he'd ever called home Sommers promised to safeguard the lake at all costs A solitary mountain of a man with a mysterious past it would take Dale's supreme strength to repel unscrupulous invaders and conquer his unforgiving inner demons Claimed in the late 1800s by homesteaders for less than the price of a coffee latte the coveted waterfront property accounted for three quarters of Lake Victoria's pristine shoreline eight hundred acres passed down through four generations With a current valuation of more than one hundred million dollars the stakes had become so high no one close to Sommers appeared to be safe from injury or even death A power hungry U S Senator backed by a corrupt sheriff a team of shady lawyers and a Native American crime syndicate set her sights on snatching this crystal clear sapphire in the rough and no price would be too high But ultimately it would take a monumental team effort led by Sommers an elderly squatter named Grumpy and his loyal dog Phelps to save the day and save the lake
