Uncommon Knowledge:

Uncommon Knowledge Al McDowell,2012-10-26 This book develops new science of gravity and light based on the century old Le Sage theory of an ether that was replaced by Einsteins Theory of Relativity After presenting astrophysical data contradicting the theory that the universe is expanding from a Big Bang experiments believed to prove Relativity are shown to actually prove the ether theory instead Freedom from the speed limit of light enables a science of subatomic particles traveling faster than light to produce gravity electric and magnetic fields light and radio waves Major technical innovations include solving the two fundamental problems with the Le Sage gravity theory and extending this theory to electromagnetism and consciousness This is a theory of everything that explains the heretofore unknown causes of the forces of nature This book builds on the works of Zecharia Sitchin and other authors to explain how life developed on Earth and that evolution requires direction from intelligence that dwells in the subatomic particles on which this theory of gravity and light is based Our biblical God is shown to be a composite of Sitchins extraterrestrial gods who colonized Earth and the intelligence that dwells alongside our own mind in the particles from which the universe is constructed and powered *Uncommon*

Knowledge Tom Standage,2019-11-07 The world can be an amazing place if you know the right questions to ask How did carrots become orange What s stopping us from having a four day week How can we remove all the broken bits of satellite from orbit If everything is so terrible why is the global suicide rate falling The keen minds of the Economist love to look beyond everyday appearances to find out what really makes things tick In this latest collection of The Economist Explains they have gathered together the juiciest fruits of their never ending quest for answers For an uncommonly interesting read take a peek at some Uncommon Knowledge and pass it on The world only gets more amazing when discoveries are shared
