Pandemic Ekundayo Bello,2024-05-15 Master s Thesis from the year 2024 in the subject Business economics Business
Management Corporate Governance grade 2 course Master in International Business language English abstract The objective
of this study is to provide recommendations on how to improve the cooperation between Wolt and its courier partners during
and after the Covid 19 crisis based on the views and opinions expressed by the courier partners in Tallinn The views and
opinions of Wolt s courier partners on actions and strategies implemented by Wolt during the pandemic and preferred
relationship status will be used to make suggestions on how to improve the cooperation between the two parties According to
Statista an online database food delivery platforms along with other service sector businesses in Estonia contributed
significantly to GDP over 61% from 2009 to 2019 Moreover the global turnover of 151 526 million in 2021 was forecast in the
sector Online Food Delivery with China expected to generate the highest turnover and the estimated turnover for Estonia in
2021 is 20 million Statista 2020 1 Wolt one of the largest e residency companies in Estonia contributes significantly to the
Estonian economy by paying social contributions on behalf of its individual courier partners and paying business courier
partners a higher commission to compensate for their tax expenses By the last quarter of 2020 Wolt has paid up to EUR 300
000 in taxes for its courier partners in Estonia Therefore the continued survival and profitability of online food delivery
platforms in Estonia is important for the well being of citizens As the hardship caused by the pandemic continues to
transform almost all aspects of human life worldwide the role of online food delivery companies in providing consumers with
