## **Spatial Relations Poems:**

Spatial Relations Leonora Smith, 2001 Readable and inviting *Spatial Relations* reminds us of the power in everyday places and objects and the mysterious space between them Like the fold up shapes in old junior high school aptitude tests they are both concrete and bewildering The characters and personae in these poems including mythologized versions of Smith s parents yearn for big emotions for high living for what they have tasted and touched loved and lost This is a book that will invite you to remember imagine and laugh more often than you might expect The poems in this collection have a rueful lively sense of humor an underlying impatience with social inequity and a willingness to imagine that things might be playing themselves out differently in some parallel universe Like anyone who has narrowly escaped a life of domestic confinement these poems have a wild streak

Davlin,2001 Very few poets except the authors of the Hebrew Scriptures and the New Testament have tried to write in any extended way about God Even Dante confines his vision of Christ and the Trinity to a few passages at the end of Paradiso and most religious lyric poets concentrate more on their own attitudes and reactions to God their prayer longing repentance suffering or joy than on the nature of God Among English poems three narratives Piers Plowman Paradise Lost and Paradise Regained are exceptional in their extensive explicit poetry about god and their direct concern with the mysteries of Biblical faith This work looks at Piers Plowman confronting not only the alterity of culture resulting from a lapse of almost 700 years but also the more profound alterity of the subject matter A New English Dictionary on Historical Principles James
