State Against Blacks:

The State Against Blacks Walter Edward Williams, 1984 Dimensions of Black Conservatism in the United States G. Tate, L. Randolph, 2002-06-14 Dimensions of Black Conservatism in the US is a collection of twelve essays by leading black intellectuals and scholars on varied dimensions of black conservative thought and activism The book explores the political role and functions of black neoconservatives The majority of essays cover the contemporary period The authors have provided a historical context for the reader with several articles examining the origins and development of black conservatism *The African Post-colonial State and its Challenges* Godfrey Mwakikagile, 2022 Godfrey Mwakikagile looks at the African post colonial state and the challenges it faces He contends that it is structurally flawed and does not reflect African realities It is an oppressive machinery and an apparatus of power to serve the interests of the ruling class and the elite at the expense of ordinary citizens and the masses And it has retained the institutional structure of the colonial state instead of undergoing fundamental transformation to become truly African Mwakikagile focuses on a number of countries providing case studies whose relevance is continental in scope He contends that bad leadership is the biggest problem African countries have faced through the decades and everything else revolves around it The collapse of a number of African states in the post colonial era bears testimony to that Black Girlhood, Punishment, and Resistance Nishaun T. Battle, 2019-08-29 *Black Girlhood Punishment and Resistance Reimagining Justice for Black Girls in Virginia* provides a historical comprehensive examination of racialized classed and gendered punishment of Black girls in Virginia during the early twentieth century It looks at the ways in which the court system punished Black girls based upon societal accepted norms of punishment hinged on a notion that they were to be viewed and treated as adults within the criminal legal system Further the book explores the role of Black Club women and girls as agents of resistance against injustice by shaping a social justice framework and praxis for Black girls and by examining the establishment of the Virginia Industrial School for Colored Girls This school was established by the Virginia State Federation of Colored Women s Clubs and its first President Janie Porter Barrett This book advances contemporary criminological understanding of punishment by locating the historical origins of an environment normalizing unequal justice It draws from a specific focus on Janie Porter Barrett and the Virginia Industrial School for Colored Girls a groundbreaking court case of the first female to be executed in Virginia historical newspapers and Black Women s Club archives to highlight the complexities of Black girls experiences within the criminal justice system and spaces created to promote social justice for these girls The historical approach unearths the justice system s role in crafting the pervasive devaluation of Black girlhood through racialized gendered and economic based punishment Second it offers insight into the ways in which historically Black women have contributed to what the book conceptualizes as resistance criminology offering policy implications for transformative social and legal justice for Black girls and girls of color impacted by violence and punishment Finally it offers a lens to explore Black girl resistance strategies through the lens of the

Black Girlhood Justice framework Black Girlhood Punishment and Resistance uses a historical intersectionality framework to provide a comprehensive overview of cultural socioeconomic and legal infrastructures as they relate to the punishment of Black girls The research illustrates how the presumption of guilt of Black people shaped the ways that punishment and the creation of deviant Black female identities were legally sanctioned It is essential reading for academics and students researching and studying crime criminal justice theoretical criminology women s studies Black girlhood studies history gender race and socioeconomic class It is also intended for social justice organizations community leaders and activists engaged in promoting social and legal justice for the youth
