McMahon,2007-11-30 As spiritual beings having a human experience we are all capable of entering Into the Mystic For the Mystic that expanded state of awareness where we can connect with Spirit and experience other realities has been accessible to us from the very beginning when we as children were much more capable of having mystical experiences However as we stray from the innocence and openness of childhood we tend to lose our spiritual capabilities Nevertheless as Into the Mystic reveals and promises in a unique and entertaining way we can reclaim the true magic and birthright of our youth by following a spiritual path pursuing ultimate reality and thereby come to know ourselves and God in the process Into the Mystic From the Streets of Brooklyn is an exploration of self and ultimate reality through shamanism after death communications past life regressions and original mystical thought The work is filled with tales of wondrous real life mystical adventures and spiritual encounters and is deep and magical enough to be appreciated by even the most enlightened among us However Into the Mystic is simultaneously intended to be shared and enjoyed by our less spiritually inclined friends mates and significant others and can actually help bridge the seemingly insurmountable gap between believers and skeptics A Student's Text-book of Zoology: Protozoa to Chætognatha Adam Sedgwick,1898
