Vaughn,2020-11-09 Dawn let the allure of a snow covered world convince her to leave sunny Florida to step in for her mother as the new Veilleux clan witch but the harsh reality of sub zero temperatures in Maine is making her search for a way out Until she meets Lance a werebear with a smoldering hot gaze that makes heat rush all the way to her toes Suddenly cuddling up by the fire with him makes her see winter in a new light When the exit plan Dawn set in motion makes her mother come for a visit black magic grabs the opportunity to bring back an evil villain and Dawn has to fight for more than life with her soul mate Lance she needs to save the clan shifter romance werebear romance witch romance bear shifter magic soul mates *What the Bears Know* Steve Searles,Chris Erskine,2023-10-03 The incredible story of how one man went from a hired hunter to becoming one of America s top champions for this iconic animal A Los Angeles Times and USA Today Bestseller In this wonderous and eye opening exploration Steve Searles the reknown and respected Bear Whisperer of

Mammoth Lakes takes the reader on a journey into the lives of these remarkable creatures and the world we share In the late 1990s the town of Mammoth Lakes California hired Steve Searles as a hunter to cull half its troublesome bear population But as he began to prepare for the grim task the bears soon won him over and Searles realized there had to be a better way He soon developed non lethal tactics to control their behavior and overpopulation that heralded a landmark moment in the care and handling of the American black bear But change was not without its challenges To some his success was dismissed due to his lack of formal academic training Yet Searles never wavered in his commitment and eventually became not just local folk hero but a nationally recognized expert This high school dropout saved not just the bears but in many ways his community In a tradition that runs from John Muir to Bear Grylls Searles finds a fellowship with nature and a deeper meaning in the world of bears Do bears understand things we don t Are they dialed in to some greater natural force Unlike us bears waste little time on unreasonable fears Bears are fully in the moment They have an inner peace that seems to offset their power and strength That may explain why no other animal on the planet is as revered as the bear As Searles shares his remarkable knowledge and we become immersed in the ursine world you ll never look at bears or nature the same way again Warm and poignant and perfect for anyone who has been fascinated by the natural world What the Bears Know shows that wisdom and fulfillment can come from unexpected places
