Trollope A.,2019 Anthony Trollope 1815 1882 was an English novelist of the Victorian era Among his best known works is a series of novels collectively known as the Chronicles of Barsetshire which revolves around the imaginary county of Barsetshire The Claverings is a novel about a young man starting out in life who must find himself a profession and a wife and of a young woman who made a marriage of convenience and must abide the consequences Since its first appearance in 1867 this novel has been acclaimed as one of Trollope s most successful portrayals of mid Victorian life      *The Claverings*  
Anthony Trollope,2007-09 Anthony Trollope 1815 1882 was one of the most successful prolific and respected English novelists of the Victorian era He wrote penetrating novels on political social and gender issues and conflicts of his day In 1867 Trollope left his position in the British Post Office to run for Parliament as a Liberal candidate in 1868 After he lost he concentrated entirely on his literary career While continuing to produce novels rapidly he also edited the St Paul s Magazine which published several of his novels in serial form His first major success came with The Warden 1855 the first of six novels set in the fictional county of Barsetshire The comic masterpiece Barchester Towers 1857 has probably become the best known of these Trollope s popularity and critical success diminished in his later years but he continued to write prolifically and some of his later novels have acquired a good reputation In particular critics generally acknowledge the sweeping satire The Way We Live Now 1875 as his masterpiece In all Trollope wrote forty seven novels as well as dozens of short stories and a few books on travel      [The Claverings \(Volume 2 of 3\) \(EasyRead Super Large 20pt Edition\)](#) Anthony Trollope,1977

Harry is also fickle vain easily led and almost as easily led to evil as to good Like Trollope s Phineas Finn The Claverings includes strong and fully realized female characters Lady Julia Ongar is the outstanding example here the seemingly mercenary femme fatale whose conflicting choices hopes and spiritual struggles are so acutely portrayed that they prevent her from simply being a stereotypical predator Written between the last two Barchester books The Claverings is among the very few other of Trollope s works set in Barchester The setting remains a subtle touch here Harry s clergyman father is annoyed by Bishop Proudie the notorious prelate of the later Barchester series The Trollope scholar Michael Sadleir grouped The Claverings along with Doctor Thorne and Sir Harry Hotspur of Humblethwaite as Trollope s three faultless books Of The Claverings itself he found it as surely conceived as any book Trollope ever wrote marked by qualities of sure footed subtlety especially in the many and varied acute social observations it contains from the most intimate and intense private dramas to more awkward and even amusing public encounters Like many of Trollope s books The Claverings is not only readable but perpetually re readable This book is part of the Standard Ebooks project which produces free public domain ebooks
