Tractatus Ludorum:

Recreation in the Renaissance A. Arcangeli, 2003-12-18 In Renaissance Europe when leisure classes used social gathering to define civility and the commercialization of leisure was beginning the human need for recreation became a cultural topos The book explores the vocabulary of play and games the spectrum of leisure activities often gender specific or appropriate to particular social groups the medical discourse on the preservation of health where amusements were assessed as physical exercise the moral approach to play legal treatises on gambling and the visual representation of leisure **Catalogue of Manuscripts in the British Museum: The Arundel mss. 1834** British Museum. Department of Manuscripts, 1834

'Lector Ludens' Michael Scham, 2014-09-17 In sixteenth and seventeenth century Spain debating the acceptability of games and recreation was serious business With *Lector Ludens* Michael Scham uses Cervantes's *Don Quijote* and *Novelas ejemplares* as the basis for a wide ranging exploration of early modern Spanish views on recreations ranging from cards and dice to hunting attending the theater and reading fiction Shifting fluidly between modern theories of play little known Spanish treatises on leisure and games and the evidence in Cervantes's own works Scham illuminates Cervantes's intense fascination with games play and leisure as well as the tensions in early modern Spain between the stern moralizing of the Counter Reformation and the playfulness of Renaissance humanism **Emotions and Daily Life in Colonial Mexico**

Javier Villa-Flores, Sonya Lipsett-Rivera, 2014-05-15 The history of emotions is a new approach to social history and this book is the first in English to systematically examine emotions in colonial Mexico It is easy to assume that emotions are a given unchanging aspect of human psychology But the emotions we feel reflect the times in which we live People express themselves within the norms and prescriptions particular to their society their class their ethnicity and other factors The essays collected here chart daily life through the study of sex and marriage love lust and jealousy civic rituals and preaching gambling and leisure prayer and penance and protest and rebellion The first part of the book deals with how individuals experienced emotions on a personal level The second group of essays explores the role of institutions in guiding and channeling the expression and the objects of emotions *Incunabula typographica* Leo S.
