well as hardcover titles being released by obscure and often short lived publishers The influence of the film industry on the book industry was felt in turn with stories being snatched up as film options as soon as they first appeared in magazines and newspapers sometimes resulting in a book publication that would never have occurred otherwise The Dark Page II is an essential volume in a continuing series of references that are projected to cover American screwball comedies European film noir and American crime films and dramas of the late 1960s and 1970s Full color photos of each first edition are featured as well as bibliographical points for each book and a bounty of factual information surrounding both the origins of the books and their subsequent film adaptations
