

A conceptual illustration of a human brain with glowing neural connections and a hand holding a whiteboard marker. The brain is rendered in a realistic, anatomical style with a warm, golden-brown color palette. It is surrounded by a dense network of glowing, translucent blue and purple lines that represent neural pathways or data connections. The background is a dark, deep blue with scattered, glowing particles and light trails. In the foreground, a hand is visible, holding a white marker and pointing towards the brain. The overall aesthetic is futuristic and scientific, suggesting themes of cognitive science, artificial intelligence, or neurotechnology.
