

# The Importance of Terminology in Substance Abuse Counseling

- Substance abuse/Substance dependency: client's use pattern
- Two components separate the diagnostic categories of "abuse" or "dependence": tolerance and withdrawal
  - Tolerance means that a higher dosage of the drug is needed to produce the same level of effect over a period of time.
- Substance/Chemical: alcohol, nicotine, caffeine, prescription drugs, and illegal drugs.
- Drug: any nonfood substance whose chemical or physical nature significantly alters structure, function, or perception (vision, taste, hearing, touch, and smell) in the living organism.

**Caring for the Vulnerable** Mary de Chesnay, Barbara A. Anderson, 2025-10-10

Lead editors and authors Mary de Chesnay and Barbara Anderson continue to offer a timely and comprehensive examination of the many facets of vulnerability in health and healthcare delivery in an updated sixth edition of *Caring for the Vulnerable Perspectives in Nursing Theory Practice and Research*. Caring for vulnerable populations presents unique challenges and nursing students need a resource that teaches them how to understand and recognize those who are vulnerable, address their vulnerability, and implement strategies that support their healthcare needs. This book provides a wealth of information for clinicians who care for a variety of vulnerable populations. Chapters cover concepts and theories, research, practical applications, and policy making for a well-rounded look at how nurses and clinicians can provide optimal patient-centered care and support for vulnerable populations. Thoroughly revised with 20 NEW chapters on relevant information and cases, updated to include discussions on timely topics including the use of AI in health care, human trafficking, and the 2024 McGinley Rice symposium. Contributors across varying fields provide interprofessional perspectives. Concepts and theories provide a foundation for clinicians to understand ways to reduce disparities and promote social justice. Vignette style chapters cover a broad scope of issues and provide a close look at real-life scenarios a clinician may encounter. Instructor resources include an Instructor's Manual containing essay questions, sample answers, fieldwork exercises, and student fieldwork samples. Slides in PowerPoint format and a Test Bank. Ideal for upper-level undergraduate courses as well as graduate-level population health, health promotion, and global health courses in both MSN and DNP programs. 2026, 500 pages.

**Substance Abuse Counseling** Judith A. Lewis, Robert Q. Dana, Gregory A. Blevins, 2001. Providing an overview of substance abuse counseling, this volume emphasizes the need to treat clients from an individualized perspective based on his or her particular behaviors, culture, gender, and mental health. Both the process of behavior change and the context in which it occurs are described in chapters on assessment and treatment planning, group work, working with families, preventing substance abuse, and the effects of drugs. Case studies illustrate the principles outlined and their practical applications. Appendixes include case history forms, initial behavior assessments, a comprehensive drinker profile, the Michigan Alcoholism Screening Test, a questionnaire on drinking and drug abuse, a family drinking survey, and lists of Web sites, treatment manuals, and self-help resources. [Introducing Criminological Thinking](#) Jon Heidt, Johannes P. Wheeldon, 2014-11-28. Visual techniques for applying criminological theory to social science research. *Introducing Criminological Thinking: Maps, Theories, and Understanding* is an accessible and user-friendly criminological theory text for students, instructors, and researchers. In addition to the unique use of concept maps, mind maps, and other visual techniques to consider theory-based inquiry, this text combines an exploration of the core elements of theory with relevant examples drawn from biology, psychology, sociology, critical traditions, and integrative efforts. Unlike in other theory texts, the chapters are arranged by level of explanation to help students understand how theories from different disciplines interact with each other as a foundation for many contemporary criminological theories. Authors Jon Heidt and Johannes

Wheeldon have developed a seven step model to identify key aspects of different theories including their historical and social context base assumptions scope problem foci terms concepts related research and practical ramifications This text offers both a student friendly theoretical discussion and accessible visual examples to explain criminological theory and its applicability to social science research
