Suburban Ambush:

   Suburban Ambush Robert Siegle,1989-11-01 Suburban Ambush is a cultural history of a downtown scene just beginning to attract mainsteam attention From a neighborhood where pushers and poststructuralists meet on the street sometimes violently where the anger of sixties activism never cooled Suburban Ambush is an indispensable introduction to the women and men writing about what the Village Voice has called the lower east side of sombody s gut Siegle offers close reading of works by Acker Dejong Rose Tillman Ron Kolm Patrick McGrath Gary Indiana and many others   *Suburban Ambush* Ron Kolm,2014   **Up is Up, But So is Down** Brandon Stosuy,2006-10 The first book to capture the spontaneity of lower Manhattan s Downtown literary scene collects more than 125 images and over 80 texts that encompass the most vital work produced between 1974 and 1992 Literary Criticism   **DIY on the Lower East Side** Andrew Strombeck,2020-08-01 The severe financial austerity imposed on New York City during the 1975 fiscal crisis resulted in a city falling apart Broken windows crumbling walls and piles of bricks were everywhere While for many this physical decay was a sign that the postwar welfare state had failed for others it represented a site of risky opportunity that could stimulate novel forms of creativity and community In this book Andrew Strombeck explores the legacy of this crisis for the city s literature and art focusing on one neighborhood where changes were acutely felt the Lower East Side In what became a paradigmatic example of gentrification the Lower East Side s population shifted from working class people to Wall Street traders and ad agents This transformation occurred in part because of high profile local artists such as Jean Michel Basquiat Keith Haring Jeff Koons and Kiki Smith but Strombeck argues that neighborhood writers also played a role Drawing on archival research and original author interviews he examines the innovative work of Kathy Acker David Wojnarowicz Miguel Pi ero Sylv re Lotringer Lynne Tillman and others and concludes that these writers still have much to teach us about changes in the nature of work and the emergence of a do it yourself ethos DIY on the Lower East Side shows how place and politics shaped literature and how New York City policies adopted at the time continue to shape our world   *Abandon All Hope - Consumerism and Loss of Identity in Bret Easton Ellis's American Psycho As an Example of Blank Fiction* Anja Schiel,2008-04 Thesis M A from the year 2005 in the subject American Studies Literature grade 1 5 University of Hamburg Sprach Literatur und Medienwissenschaft language English abstract Bret Easton Ellis s American Psycho has been labeled many things from Brat Pack Fiction to Generation X to Minimal Realism While the classification of the novel might be difficult and it has often been misunderstood for its extremely violent scenes what is clear to the attentive reader is its critique of consumer culture Critics have acknowledged an emergence of a large number of writings dealing with this topic in contemporary American literature in the recent past These novels focus on the relationship of American youth with consumer culture with a seemingly non elaborate content and style Attempts of explaining this kind of writing which has also been called fiction of insurgency new narrative downtown writing and punk fiction range from millennial angst to the classification of this literary movement as part of the postmodern culture

What seems clear is that these narrations are closely related to the society they have been created in The way these texts incorporate products of their time as a constant accompanying element places them very clearly in a specific time period The apparent non existence of complexity concerning the style which at times reminds the reader of a movie script or a sequence of an MTV video has in the case of American Psycho caused many critics to classify the novel as boring and deny the author the status of an artist Exactly this seeming meaninglessness of these novels argues in favor of a term introduced by critics James Annesley and Elizabeth Young Blank fiction or Blank Generation Fiction The term Blank fiction seems to capture perfectly the emptiness created by consumer culture that has found its way into these narratives not simply in its context but also by means of its language incorporating consumer goods i   Twentieth-century Short Story Explication ,1989

Mix,2007-12 Using experimental style as a framework for close readings of writings produced by late twentieth century North American women Deborah Mix places Gertrude Stein at the center of a feminist and multicultural account of twentieth century innovative writing Her meticulously argued work maps literary affiliations that connect Stein to the work of Harryette Mullen Daphne Marlatt Betsy Warland Lyn Hejinian and Theresa Hak Kyung Cha By distinguishing a vocabulary which is flexible evolving and simultaneously individual and communal from a lexicon which is recorded fixed and carries the burden of masculine authority Mix argues that Stein s experimentalism both enables and demands the complex responses of these authors Arguing that these authors have received relatively little attention because of the difficulty in categorizing them Mix brings the writing of women of color lesbians and collaborative writers into the discussion of experimental writing Thus rather than exploring conventional lines of influence she departs from earlier scholarship by using Stein and her work as a lens through which to read the ways these authors have renegotiated tradition authority and innovation Building on the tradition of experimental or avant garde writing in the United States Mix questions the politics of the canon and literary influence offers close readings of previously neglected contemporary writers whose work doesn t fit within conventional categories and by linking genres not typically associated with experimentalism lyric epic and
