Successful Homebuilding And Remodeling:

Successful Homebuilding and Remodeling Barbara Ballinger Buchholz, Margaret Crane, 1998-06-11 For most people building or remodeling a home is the single biggest investment they'll ever make. But too many uninformed homeowners blindly wander into a construction minefield and can wind up spending thousands of extra dollars as a result. *Successful Homebuilding and Remodeling: Real Life Advice for Getting the House You Want without the Roof or Sky Falling In* provides a down-to-earth, engaging analysis of everything you need to know about building and remodeling before you move one ounce of dirt or choose a contractor.

Remodel Success Monica D. Higgins, 2017-10-28 A hands-on homeowner guide to working with design and construction pros on remodeling projects. Most homeowners are uninformed and ill-prepared for big-ticket remodels. The knowledge they do have often comes from reality TV home makeover shows that gloss over the ingredients essential to success. This book, written by a construction management pro, gives homeowners increased confidence in making remodeling decisions and peace of mind. Learn the six biggest mistakes people make when building a remodeling dream team: painless ways to shave the budget, what to do when your contractor isn't listening, where to find financing, punch lists, and more. In the coming years, home remodeling activity is projected to accelerate, maintaining a growth rate above its long-term trend, according to Harvard University's Joint Center for Housing Studies. Use the guide's exercises and checklists to help you develop and articulate your remodeling goals, make decisions that align with your vision, and manage details, relationships, and budget.
