Now* Marko Pajević,2023-09-15 This book presents my concept of poetic thinking in the context of debates around the anthropological question that is what is being human building on thinking language and dialogical thinking developing a poetological anthropology It evokes political and social issues to demonstrate why poetics is of general relevance for our times The chapters relate these questions to insights of quantum physics and neurosciences and discuss aspects of contemporary technology media and medicine employing notions such as atmospheres immanent transcendence silence and presence from contemporary thinkers Poetic thinking considers the world in its togetherness offering an alternative to the opposition of subject and object It demonstrates the transformative power in the interaction of the form of language and the form of life Poetic thinking takes place when a subject constitutes itself in creative and dialogical language transforming its ways of feeling and thinking in short its way of perceiving the world **Merleau-Ponty and Contemporary Philosophy** Emmanuel Alloa, Frank Chouraqui, Rajiv Kaushik, 2019-12-01 Maurice Merleau Ponty is widely recognized as one of the major figures of twentieth century philosophy The recent publication of his lecture courses and posthumous working notes has opened new avenues for both the interpretation of his thought and philosophy in general These works confirm that with a surprising premonition Merleau Ponty addressed many of the issues that concern philosophy today With the benefit of this fuller picture of his thought Merleau Ponty and Contemporary Philosophy undertakes an assessment of the philosopher s relevance for contemporary thinking Covering a diverse range of topics including ontology epistemology anthropology embodiment animality politics language aesthetics and art the editors gather representative voices from North America and Europe including both Merleau Ponty specialists and thinkers who have come to the philosopher s work through their own thematic interest *Atlantic Reporter* ,1922 **Bilingual Women** Shirley Ardener, Pauline Burton, Ketaki Kushari Dyson, 2020-08-19 This book studies women s language use in bilingual or multi lingual cultural situations The authors social anthropologists language teachers and interpreters cover a wide variety of geographical and linguistic situations from the death of Gaelic in the Outer Hebrides to the use of Spanish by Quechua and Aymara women in the Andes Certain common themes emerge dominant and sub dominant languages women s use of them ambivalent attitudes towards women as translators interpreters and writers in English as a second language and the critical role of women in the survival or death of minority languages such as Gaelic and Breton *A Brighter Word Than Bright* Dan Beachy-Quick, 2013-09-01 The Romantic poet John Keats considered by many as one of the greatest poets in the English language has long been the subject of attention from scholars who seek to understand him and poets who seek to emulate him Bridging these impulses *A Brighter Word Than Bright* is neither historical biography nor scholarly study but instead a biography of Keats s poetic imagination Here the noted poet Dan Beachy Quick enters into Keats s writing both his letters

and his poems not to critique or judge not to claim or argue but to embrace the passion and quickness of his poetry and engage the aesthetic difficulties with which Keats grappled Combining a set of biographical portraits that place symbolic pressure on key moments in Keats s life with a chronological examination of the development of Keats as poet through his poems and letters Beachy Quick explores the growth of the young man s poetic imagination during the years of his writing life from 1816 to 1820 A Brighter Word Than Bright aims to enter the poems and the mind that wrote them to explore and mine Keats s poetic concerns and ambitions It is a mimetic tribute to the poet s life and work a brilliant enactment that is also a thoughtful consideration
