The Bio Sexual Factor:

The Bio-sexual Factor Richard Hagen, 1979-01-01 **Sexual Violence** James F. Hodgson, Debra S. Kelley, 2001-12-30
Drawing on the most recent studies this collection of articles assesses and evaluates current criminal justice responses policies and practices regarding sexual violence in the United States and Canada Focusing on methodological and ideological issues rape law reform criminal justice responses social contexts of sexual assault and community responses authors from the fields of sociology criminal justice law counseling anthropology biology and psychology provide detailed studies of the problems and challenges involved in this very sensitive and important issue The broad perspective provides readers with a comprehensive introduction to the current state of criminal justice responses to sexual assault as well as the changes and progress being made in the area By providing such extensive coverage the volume also offers readers a guide to the very nature and extent of sexual violence and its consequences As we enter the 21st century numerous changes have occurred within the criminal justice system and society's understanding of rape as a crime of violence Significant reforms have emerged in both the United States and Canada in terms of how various institutions respond to the crime of rape and the needs of rape survivors This progress demands an evaluation of the current state of pressing issues regarding the many facets of sexual assault Kelley and Hodgson offer original contributions from both American and Canadian scholars and practitioners from several social science disciplines in an effort to provide a critical assessment of a timely and important issue

Social Psychology and Human Sexuality Roy F. Baumeister, 2001 Presents a selected group of influential articles dealing specifically with the social aspects of sexuality topics covered include differences between male and female sexuality virginity harassment rape and coercion and jealousy

Connections Between Sexuality and Aggression Dolf Zillmann, 2021-02-25 This is the only available comprehensive monograph on interrelations and interdependencies between agonistic and sexual behaviors Integrating theory and research from biology anthropology neurophysiology endocrinology psychophysiology and psychology this book focuses on the mechanisms that govern the mutual influences between sexuality and aggression in behavior sequences and especially in admixtures of aggressive sexual behaviors This book places human agonistic and sexual behaviors into an evolutionary context It offers a Weltbild of human aggressive sexual behaviors by tracing their biological and developmental origins and examines the plasticity and manipulability of connections between agonistic and sexual behaviors Strategies for the maximization of sexual pleasures are elaborated and intervention treatments aiming at the control of violent behaviors are considered Coercive sexuality is given special attention Prevalent motive ascriptions to rape are called into question and the motivation that dominates rape is reinterpreted in the context of pleasure maximization This second edition brings the coverage of pertinent research up to date It advances the exploration of aggressive sexual behaviors by further integrating the research contributions from various disciplines and by refining and unifying theory capable of explaining the behavioral phenomena under consideration COPY FOR ZILLMANN MAILER

Zillmann examines issues such as sexual access through aggression the involvement of agonistic behavior within sexuality sex aggression fusion the consequences of anticipatory imagination concerning sexuality and aspects of libido loss due to excitatory habituation This book also traces connection between sexuality and aggression in nonhuman species especially in nonhuman primates subjects human behavior to comparative and evolutionary analysis examines connectedness in neurological and endocrinological terms details both central and autonomic commonalities between sexual and aggressive behaviors outlines sexual dimorphism and chromosomal endocrine aberrations pays special attention to adrenal commonalities in sexual and aggressive behaviors and the fusion of these behaviors and examines aggressive sexual connectedness in the analysis of motivation and emotion Zillmann finally proposes new explanations for the numerous documented associations between sexuality and aggression These proposals combine biological neuroendocrine autonomic and cognitive aspects of aggressive and sexual behaviors A trichotomy of excitatory interdependencies is developed for fight flight and coition In the nomenclature of emotion this trichotomy concerns the interdependencies between aggressiveness fear and sexual impulsion A considerable amount of research evidence is aggregated in support of these interdependencies The author ultimately examines the exploitation of the existing connections between sexual and aggressive behaviors especially the exploitation that serves the enhancement of sexual pleasure In this context he arrives at novel and perhaps distressing characterizations of sexual coercion However he also explores sexual boredom and discusses remedies in the framework of his theorizing Last but not least sexual aggression and sexual and aggressive behaviors independently are placed into an evolutionary context Recognition and acknowledgment of the archaic nature of many aspects of sexual and aggressive behaviors in contrast to the comparatively vernal development of behavior guiding contemplation leads him to a unique and provocative proposal of the function of aggression in the realm of sexuality *Intimacy* Martin

Fisher,2012-12-06 Intimacy is a complex and heterogeneous concept that has generated a variety of definitions theories and philosophies over the years Al though there is much disagreement about the essential meaning of the term there seems to be a consensus that intimacy whatever it may be is of central importance in human relationships and specifically in the theory and practice of psychotherapy One approach to intimacy focuses on an intrapsychic conception Intimacy occurs when an individual achieves full self knowledge and is fully in touch with his or her feelings and wishes From this viewpoint an intimate act occurs when a person is willing to share these feelings and wishes with another so that self disclosure becomes an important index of intimacy This definition also implies that intimacy need not be reciprocal so that a therapeutic relationship can achieve a good deal of intimacy without the therapist engaging in self disclosure An alternate approach to intimacy stresses the interpersonal nature of the concept Intimacy is seen as the product of an interaction and can only occur between people Each one is able to touch something meaningful in the other whether at a conscious behavioral level or an unconscious and inferential level Therapists seeking intimacy in these terms would probably be a good deal more active and

consider it more important to reveal something of the substance of their own persons if not the facts of their lives *Human Sexuality* Rosemarie Mihelich Hogan, 1985 **The State Hospital Quarterly** New York (State). State Hospital Commission, 1923 **Global Dictionary of Theology** William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context *The Christian Woman's Search for Self-Esteem* W. Peter Blitchington, 1983-09 [Journal of the American Medical Association](#), 1917 **Pornography** F. M. Christensen, 1990-05-07 A unique and important book I have never read any work which analyzes the subject in such a manner This book is more thorough and has a more liberated point of view than others which attempt to tackle this hot potato of the 1980s Men should read this book Women should read this book Karen DeCrow former President NOW This study slices like a laser through all the fog of rhetoric disinformation bias and fear that has long enveloped all discussions of the subject of pornography in the US No argument in favor of the censorship of such material can be considered valid unless the basic arguments of this study are answered This is a valuable resource for all academic libraries and could well become a fundamental weapon in the war to preserve the First Amendment This book should be purchased by all but the smallest libraries it may well be the most honest discussion of the subject ever written Choice In the continuing debate over pornography two arguments stand out that it is evil and should be censored or that it is evil but censorship is a greater evil F M Christensen presents the other side of this debate in what will surely be one of the most controversial books on the subject Pornography The Other Side convincingly argues that anti pornography campaigns are themselves morally evil The author defends this startling claim with a scientific persuasiveness He successfully opens the pornography debate to include the whole picture allowing the reader to grasp another side to this ongoing debate with concise practical arguments Students

and scholars of all the social sciences as well as the informed general reader will find Pornography The Other Side a source of stimulating ideas Christensen concludes that pornography itself is not the fundamental issue for those who oppose it Vehement opposition to pornography according to this book is a symptom of tragically mistaken beliefs about sex What this book is really about writes the author is sex and the evil effects on the lives of all of us which irrational attitudes toward that subject continue to have **The Sex complex** William Blair Bell,1921 Sexuality and mental disability?

Self-determination and sexual pedagogical intervention in the residential home Astrid Niehues,2022-07-12 Diploma Thesis from the year 2010 in the subject Health Persons with disabilities grade Very good University of Marburg language English abstract The sexuality of people with intellectual disabilities is still a taboo subject even in our liberal society Looking at the general public it seems that sexuality and disability are mutually exclusive In professional circles on the other hand there is a consensus that sexuality is a self evident basic need and fundamental right even for people who are labeled mentally handicapped This thesis examines the sexuality of people with intellectual disabilities with special regard to their living situation in a residential home The author creates sexual educational guidelines which should enable and support the living of a self determined sexuality for the people living in the residential home In the context of this project the question What is the significance of sexuality for human development and for personality development for people with a so called mental disability in particular is dealt with as this is the basis for the development of the guidelines In this context factors that impede the personality development and thus also the development of the sexuality of a person with a so called intellectual disability are pointed out Overall this work is intended to contribute to a further removal of the taboos surrounding the sexuality of the group of people concerned and to strengthen their right to a self determined sexuality in the residential home

The Discovery of the Orgone Wilhelm Reich,1948 International Medical and Surgical Survey ,1922 **Exploring the Dimensions of Human Sexuality** Jerrold Greenberg,Clint Bruess,Sarah Conklin,2010-03-10 Exploring the Dimensions of Human Sexuality Fourth Edition addresses all aspects of sexuality biological spiritual psychological and sociocultural and presents the information both factually and impartially Throughout the text students will find an emphasis on health and well being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality sexual health and sexual responsibility Public Opinion ,1905 **Human Sexuality Today** Bruce M. King,1999 This appealing readable and humanistic guide to human sexuality achieves a sound balance between facts and understanding giving readers the information they need to make responsible decisions and helping them feel comfortable about themselves while learning about their sexuality A wide range of chapter topics discuss hormones and sexuality similarities and differences in our sexual responses sexually transmitted and sexually related diseases birth control pregnancy and childbirth communicating about sex gender identity and gender roles sexual orientation love and relationships sexual problems and

therapy sexual victimization and sex and the law For individuals seeking to learn more about human sexuality and its most current issues *What's the Difference?* Jane Barr Stump,1985 **The Current Digest of the Soviet Press** ,1981
