The Case For Character Education

Alan L. Lockwood

The Case For Character Education:

The Case for Character Education B. David Brooks, Frank G. Goble, 1997 This book is about how society continues to reel from generations of children seemingly raised without proper instruction in values ethics and morals Since schools will be asked to serve that function this book tells why school involvement is a must *The Case for Character Education* Frank G. Goble, B. David Brooks, George C. Benson, 1983-01-01 **The Case for Character Education** Alan L. Lockwood, 2015-04-18 In this dynamic look at the current state of character education Alan Lockwood assesses its strengths and weaknesses and finds fault with leading advocates for failing to respond to sound critiques of their work Lockwood argues that contemporary character education can be significantly improved by using key principles from established theories and research on developmental psychology He offers numerous examples to support his recommendations while inviting character education theorists and practitioners to generate their own implications from his presentation For anyone interested in improving the quality of values based education for children and adolescents this book Elaborates an alternative view of values education that is critical to pursuing a mission to promote good citizenship Explains what contemporary character education is identifying its strengths and addressing its major criticisms Offers recommendations for curriculum and instruction that systematically take into account developmental perspectives Alan L Lockwood is professor of Curriculum and Instruction at the University of Wisconsin Madison Brimming with fresh insights on almost every page Alan Lockwood challenges contemporary character education s fundamental assumptions and proposes a coherent perspective to guide more defensible and effective programs This is a significant addition to theory and practice in the field of character education James S Leming Carl A Gerstacker Chair in Education Saginaw Valley State University *The Case for Character Education in Public Schools* Barbara E. Ista, 1995 *Beyond Character Education* Mawi Asgedom, 2009 *Handbook of Moral and Character Education* Larry Nucci, Tobias Krettenauer, 2014-04-24 There is widespread agreement that schools should contribute to the moral development and character formation of their students In fact 80% of US states currently have mandates regarding character education However the pervasiveness of the support for moral and character education masks a high degree of controversy surrounding its meaning and methods The purpose of this handbook is to supplant the prevalent ideological rhetoric of the field with a comprehensive research oriented volume that both describes the extensive changes that have occurred over the last fifteen years and points forward to the future Now in its second edition this book includes the latest applications of developmental and cognitive psychology to moral and character education from preschool to college settings and much more **Character Education** Ivor Pritchard, 1988 *Journal of Character Education* Jacques S. Benninga, Marvin W Berkowitz, 2021-04-01 Sample Chapters FOR THE BETTER Marvin W Berkowitz University of Missouri St Louis THE OVERLOOKED INEQUITY Eric Schaps The Journal of Character Education is the only professional journal in education devoted to character education It is designed to cover the field from the latest research to applied best practices

We include original research reports editorials and conceptual articles by the best minds in our field reviews of the latest books and other relevant strategies and manuscripts by educators that describe best practices in teaching and learning related to character education The Journal of Character Education has for over a decade been the sole scholarly journal focused on research theory measurement and practice of character education In this issue of the Journal of Character Education we return to something foundational and introduce something new The foundational element is a set of six independent scholarly manuscripts by a mix of emerging and established scholars We are pleased to introduce a new feature of the Journal of Character Education in this issue namely a section we are calling simply Opinion We began the JCE with an exclusive focus on publishing scholarship because there was no scholarly journal that focused on character education Over time we realized that we wanted to speak about practice and particularly to practitioners as well Hence we created a section we call Voices to present innovations and perspectives representing the voices of exemplary practitioners of character education Now we introduce the Opinion section that will allow us to publish perspectives from leading authorities in the field that might be more provocative We would love to hear responses to either or both opinion articles and are working on plans to share such responses perhaps on one of our related websites At this point we plan on publishing more opinion articles and for now by invitation However we are always willing to consider unsolicited articles for possible inclusion in the JCE

A Call for Character Education and Prayer in the Schools William H. Jeynes, This book offers an examination of the related topics of school prayer and character education in the United States advocating for their return to public schools According to William Jeynes the lack of both school prayer and consistent moral instruction in our schools has had devastating consequences both for our education system and for the nation as a whole In A Call for Character Education and Prayer in the Schools Jeynes makes a compelling case for restoring moral instruction and nonspecific religious moments to the classroom as a way of restoring a much needed moral grounding in American society in general A Call for Character Education and Prayer in the Schools traces the history of character education in the public schools including coverage of leading advocates of their inclusion from Thomas Jefferson to DeWitt Clinton to Horace Mann Jeynes then offers a broad survey of the country since the Supreme Court decisions of 1962 and 1963 asserting that most of America s greatest problems are moral in nature and could be addressed by making moral instruction and a focus on the spiritual a part of our young citizens school lives

Report of the State Conference on Character Education Under Auspices of the State Department of Public Instruction ,1926 **Character Education at a Classical Christian Preparatory School** Andrew B. Wannemacher,2021 Character education has been a priority in schools in the United States for four centuries Researchers have studied the effectiveness of character education in public schools but research in the religious private school is lacking Many experts in the field of character education advocate using the school s concurrent curricula e g official

operational extra hidden to teach character however there is little research on how a school s concurrent curricula teaches character This study describes how the curriculum at a classical Christian school teaches character to its students This single case study analyzes a classical Christian school s curriculum through an examination of school artifacts observations of classroom instruction and school activities and interviews with school staff Abstract [Teaching Character and Virtue in Schools](#) James Arthur,Kristján Kristjánsson, Tom Harrison, Wouter Sanderse, Daniel Wright, 2016-07-15 Teaching Character and Virtue in Schools addresses the contemporary issues of quantification and measurement in educational settings The authors draw on the research of the Jubilee Centre at the University of Birmingham in order to investigate the concern that the conventional wisdom sound judgement and professional discretion of teachers is being diminished and control mistakenly given over to administrators policymakers and inspectors which in turn is negatively effecting pupils character development The books calls for subject competence to be complemented by practical wisdom and good character in teaching staff It posits that the constituent virtues of good character can be learned and taught that education is an intrinsically moral enterprise and that character education should be intentional organised and reflective The book draws on the Jubilee Centre s expertise in support of its claims and successfully integrates the fields of educational studies psychology sociology philosophy and theology in its examination of contemporary educational practices and their wider effect on society as a whole It offers sample lessons as well as a framework for character education in schools The book encourages the view that character education is about helping students grasp what is ethically important and how to act for the right reasons so that they can become more autonomous and reflective individuals within the framework of a democratic society Particularly interested readers will be educational leaders teachers those undertaking research in the field of education as well as policy analysts with a keen interest in developing the character and good sense of learners today [A Case Study of a Character Education Program in an Elementary School](#) David M.
