The Case For Socialism:

The Case for Socialism Peter Plate, Howard Zinn, 2010-10 We live in a world of poverty war and environmental devastation A world where living standards for working people plummet while an elite few enjoy lives of unbelievable wealth and power Something different an alternative to capitalism is desperately needed But what should replace it This book proposes socialism A society built from the bottom up through the struggles of ordinary people against exploitation oppression and injustice one in which people come before profit A society based on the principles of equality democracy and freedom This is a vivid fluent and rare book about socialism for those uninterested in tracts and excited by new prospects John Pilger author of Freedom Next Time Resisting the Empire Is socialism an impossible discredited dream or the only realistic path for human survival If you are not sure of the answer or are just curious about what the left really believes in you need to read Maass He is the Tom Paine of the contemporary American left

Case for Socialism (Classic Reprint) Fred Henderson, 2015-06-29 Excerpt from *The Case for Socialism* One of the most remarkable and hopeful aspects of the present great revival of Socialism and one of the earnest of its ultimate triumph is the sudden multitude of capable workers it has called into activity The older movement in the eighties had only a few spokesmen and writers now one can scarcely take up a local newspaper without finding evidence of capable exponents Socialism it is scarcely too much to say has given men souls has created minds never was there a movement so independent of its leaders so sure to produce men at its need Here for instance is Mr Henderson with this admirable tract of his I know he will forgive my confessing that I had never heard of him until my friend Mr Gerald Gould called my attention to his manuscript And here it is closely and clearly reasoned persuasive plain and easy Let the reader compare it with Mr Arnold Forster's recent ridiculous attack upon the Socialist position or rather I should say his recent misunderstanding and misstatement of the Socialist position Let the reader put it thoughtfully beside the utterance of any contemporary anti Socialist except let us say Mr Mallock There is no gainsaying its superior grip its force its conviction It is one more good weapon for the propaganda of
