The Changing of the Guard George Grant, 1995

The Psychology of Christian Nationalism Pamela Cooper-White, 2022-05-31 Winner of a 2022 Foreword INDIES Award Gold Medal How do we overcome polarization in American society How do we advocate for justice when one side won't listen to the other and cycles of outrage escalate These questions have been pressing for years but the emergence of a vocal virulent Christian nationalism have made it even more urgent that we find a way forward In three brief incisive chapters Pamela Cooper White uncovers the troubling extent of Christian nationalism explores its deep psychological roots and discusses ways in which advocates for justice can safely and effectively attempt to talk across the deep divides in our society [Building God's Kingdom](#) Julie Ingersoll, 2015 In this fascinating book Julie Ingersoll draws on years of research Reconstructionist publications and interviews with believers to paint the most complete portrait of the Christian Reconstructionist movement yet published [Sayyid Qutb's Radical Islamism and the Comparative Political Theology](#) Dragos Stoica, 2024-12-15 This book provides a new reading of the famous Egyptian Islamist Sayyid Qutb 1906-1966 beyond the traditional paradigm of Islamic fundamentalism Dragos Stoica opens a fresh analytical and comparative path by approaching Sayyid Qutb's work as the first anti-modern political theology developed in the modern Muslim space

The Baptizing of America Rabbi James Rudin, 2009-04-29 The Baptizing of America Politics Piety and the Coming Theocracy exposes the systematic campaign by Christian fundamentalists to co-opt and take over every room of American society from the bedroom to the school room hospital room operating room courtroom work room reading room and newsroom This book focuses on the aggressive war currently being led by fundamentalist Christians to baptize America It is a battle that will determine whether the United States remains a spiritually vital country but without an officially established religion or whether it will become Christianized a faith-based nation in which fundamentalist Christianity will be the sole legal dominant religion throughout the land The war will decide whether America follows the path of many other nations and becomes a theocracy not unlike Iran and the former Taliban regime in Afghanistan

The Left Hand of God Michael Lerner, 2009-10-13 The unholy alliance of the Political Right and the Religious Right threatens to destroy the America we love It also threatens to generate a popular aversion to God and religion by identifying religious values with a pro-war pro-business pro-rich anti-science and anti-environmental stance Over the past few decades the Republicans have achieved political dominance by forging a union with the Religious Right This marriage has provided a sanctimonious veneer for policies that have helped the rich get richer while ignoring the needs of the middle

class and the poor dismantling environmental and civil liberties protections and seeking global domination The Right champions the materialism and ruthless selfishness promoted by unrestrained capitalism and then laments the moral crises of family instability and loneliness experienced by people who bring these commercial values into their homes and personal lives In response the Religious Right offers insular communities for the faithful and a culture that blames liberals activist judges homosexuals independent women and all secular people for the moral and spiritual emptiness so many Americans experience Yet however distorted both the Right's analysis and its solutions to America's spiritual crisis may be it wins allegiance by addressing the human hunger for a life with some higher purpose The Left by contrast remains largely tone deaf to the spiritual needs of the American people It is the yearning for meaning in life not just the desire for money or power that lies at the core of American politics Addressing the central mystery of contemporary politics why so many Americans vote against their own economic interests The Left Hand of God provides an invaluable timely and blunt critique of the current state of faith in government Lerner challenges the Left to give up its deeply held fear of religion and to distinguish between a domination oriented Right Hand of God tradition and a more compassionate and hope oriented Left Hand of God worldview Further Lerner describes the ways that Democrats have misunderstood and alienated significant parts of their potential constituency To succeed again Lerner argues the Democratic Party must rethink its relationship to God champion a progressive spiritual vision reject the old bottom line that promotes the globalization of selfishness and deal head on with the very real spiritual crisis that many Americans experience every day Lerner presents a vision that incorporates and then goes far beyond contemporary liberal and progressive politics He argues for a new bottom line in our economy schools and government This is a fundamentally fresh approach one that takes spiritual needs seriously in our economic and political lives Presenting an eight point progressive spiritual covenant with America Lerner provides a blueprint for how the Democratic Party can effectively challenge the Right and position itself to win the White House and Congress By appealing to religious secular and spiritual but not necessarily religious people The Left Hand of God blazes a trail that could change our world and reclaim America from the Religious Right *Biblical Counsel*, 1993 [Call to Liberty](#) Anthony Signorelli, 2006 Anthony Signorelli's *Call to Liberty* shows how extremists on both sides of the political divide have co-opted the words liberal and conservative for their own ends creating a false split in the American electorate Bridging the divide means seeing the common values we share as Americans our rights our love of liberty and our commitment to great principles Signorelli cofounder of the Center for Thoughtful Democracy offers practical strategies for liberals and conservatives who want to come together and reclaim basic American principles *Call to Liberty* shows how to maximize freedom with bold proposals that utilize both traditional and web driven media and organizing methods Specific proposals include a Free and Fair Elections Amendment to the Constitution a focused fight on al Qaeda and renewed civic self education Written by a concerned citizen small businessman and family man *Call to Liberty* asks hard questions about the direction of our democracy *Hal Lindsey*

& the Restoration of the Jews Steven Schlissel, 1990 A Christian believer of Jewish heritage challenges the assumption of prophecy observer Hal Lindsey that the teaching of reconstructionist dominion theology proponents could unwittingly lead to another holocaust and disaster for Israel

Resurrecting Eve Roberta Mary Pughe, Paula Anema Sohl, 2007 In this daring and original examination of the Church authors Roberta Pughe and Paula Sohl endeavor to decriminalize Eve reimagining her as a modern day mythic mentor They explore Eve's bold self directed and inquisitive nature as a model for women today who have been negatively affected by oppressive and hierarchical fundamentalist dogma Roberta and Paula find Eve's spirit in the teachings of Jesus and his vision of God's domination free order Like Jesus Eve was willing to break the rules in her quest for consciousness discovering in the process the fullness of both her humanity and her divinity Jesus respect for women his use of story and his honoring of children and childlikeness were key elements in his ministry of healing resurrection Filled with profound theological reflections and moving stories of women embracing their spiritual power Resurrecting Eve offers women a new perspective on gender roles within Christianity The authors also introduce dance and healing ritual ideas as well as a form of Christian chakras

Recent Evangelical Appraisals of Capitalism and American Class Culture Craig M. Gay, 1989

Eternal Hostility Frederick Clarkson, 1997 How should we respond to violence against abortion clinics and some of the lunatic even comical pronouncements of individuals on the religious right Frederick Clarkson makes it clear that behind the lone nuts who sometimes grace the headline news is a powerful and growing political movement Drawing on years of rigorous research Clarkson casts light on the wild card of the theology of vigilantism which urges the enforcement of God's law

God's Own Country Stephen Bates, 2007 Right wing evangelical Christianity has come to dominate American political and social life in recent years dividing the country and sparking cultural and moral battles whose outcome will determine how the world's only superpower is shaped in the 21st Century High politics and low tactics frame a fierce debate which goes much further back in the country's history than the accession of George W Bush in 2001 It's a battle that sears America's soul and affects the world In this book Stephen Bates explains why what happens in the Bible Belt matters to us and how there are those who hope to export the battle to Britain American fundamentalist religion has the potential to impact on crucial and acutely dangerous areas of the world Its priorities are often arcane and sometimes weird But it is already affecting American government policy at home and abroad not least in Israel and the Middle East where some are predicting the world's last and greatest battle will be fought Where will America's battle for its soul take the world and will it be a better place
