The Charismatic Phenomenon

Pieter Barkhuizen

The Charismatic Phenomenon:

The Charismatic Phenomenon Peter Masters, John C. Whitcomb, 1988 The authors describe the purpose of the sign miracles and revelatory gifts of New Testament times and their precise nature Were they intended to be ongoing in the life of the Church Numerous questions are here answered such as What exactly are the greater works of John 14 12 and Are the signs following referred to in Mark 16 for today This work has been helpful to many thousands having passed through numerous printings in English and having been translated into many other languages [The Charismatic Leadership Phenomenon in Radical and Militant Islamism](#) Haroro J. Ingram, 2016-03-23 Haroro J Ingram journeys through over a century of history from the Islamist modernists of the late 1800s into the 21st century in the first full length examination of the charismatic leadership phenomenon in Islamist radicalism and militancy Exhaustively researched and founded upon a suite of innovative multidisciplinary paradigms this book features case studies of Hassan al Banna Sayyid Qutb Abdullah Azzam Osama Bin Laden and Anwar al Awlaki At a micro level Ingram argues that charismatic leaders act as vehicles for the evolution of modern Islamist radicalism and militancy At a macro level he argues that the transformative charisma phenomenon in Islamist radicalism and militancy produces complex chains of charismatic leaders as individual figures rise by leveraging to varying degrees the charismatic capital of preceding charismatic leaders Within these case studies Ingram offers new approaches to understanding the nuances of these complex phenomena from his ideal types of charismatic leadership in Islamist militancy spiritual guides charismatic leaders and neo charismatic leaders to his framing of al Qaeda as a charismatic adhocery The result is an authoritative analysis of a phenomenon largely ignored by scholars of both charismatic leadership and Islamism Ultimately this ground breaking investigation offers important insights into the complex nuances that drive the rise and evolution of not only Islamist militancy but radical and militant groups more broadly **The Charismatic Phenomenon** Pieter Barkhuizen, 1973 **Revelation, Mystical Phenomena and Divine Promises** Deacon Albert Graham, 2022-10-05 The reader will be appraised of how God has been speaking to His people through public and private revelation for over 2000 years A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory hell or heaven Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved not approved and those appending a decision by the Church By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them Color paintings by artists are depicted of some saints experiencing such mystical phenomena Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God **A Biblical Exposition of the Charismatic Phenomena** Paul B. Hoff, 1958 *The Fight for Sola Scriptura* Matthew Cserhati, 2025-01-17 Today the exclusive authority of the Bible is

under heavy attack This principle is known as sola scriptura The charismatic movement pays lip service to it it is ignored by liberalism and it is attacked by the Roman Catholic church But even the evangelical world cannot adequately defend the biblical teaching of sola scriptura since even the church has been compromised with competing authorities In this book the reader will understand what sola scriptura is and what it is not and how to articulate it defend it based on the Bible and apply it to his life An overview of the historical development of scriptural authority is provided Several different philosophies will be examined in this book and will be compared with one another on how they relate to Scripture These include the charismatic movement liberal theology Roman Catholicism Eastern Orthodoxy dispensationalism Open Theism theistic evolution and certain strains of evangelicalism We shall see that the reason extra biblical authorities are given currency is because the authority of the Scriptures themselves are cast into doubt
