Kidwheels Cornelia Hansen, 2018-10-19 Why is it that some children sail through school with no problem at all while others find it a difficult or unhappy experience? And why do some children develop behavioural problems while others don't? Cornelia Hansen believes that each child is unique and needs special management in order to thrive. While working on a Master's Degree in Child Development, Cornelia was introduced to a longitudinal study done in the Fifties on temperament in children. At the time she was also studying astrology and the idea came to her that she might be able to connect the child development study to astrology. After all, hadn't the concept of temperament been with us from ancient times? Isn't it still part of analyzing someone's natal chart? The modern concept of temperament as being the cause of individual differences which appear at birth and continue over time has been widely accepted in the field of child development and appears in every child development textbook. In this pioneering study of temperament in children and young people, Cornelia examines copious case histories from her experience as a marriage family and child therapist with the welfare of the child firmly at the heart of the birth chart. She searches for ways to help parents understand their offspring better and thus achieve a good outcome for

everyone Ideal for anyone working with children in the classroom or in any capacity this book will help parents carers and teachers to discern the individual needs of a child that will enable them to flourish in the classroom and beyond Baby Astrology: Dear Little Cancer Roxy Marj,2020-04-28 Discover what makes every Cancer baby special This perfect book for your little star is part of a gorgeous and 100% giftable 12 book astrology board book series that shares gentle thoughts about the characteristics of a child born under each star sign Dear little Cancer did you know that you are creative spontaneous and loving Every Cancer baby and toddler born June 21 to July 22 is going to need this charming gentle board book which allows grown ups and children to share the many lovely qualities that make each Cancer kid special Little ones just like adults will love knowing the traits of their star sign while learning that they are unique wonderful and above all so loved The absolute perfect gift for baby showers first birthdays and anytime a baby is celebrated the Baby Astrology series lets little ones know that they are ALL stars **Baby Astrology: Dear Little Capricorn** Roxy Marj,2020-08-25 Discover the qualities that make every Capricorn baby special This perfect book for your little star is part of a gorgeous and 100% giftable 12 book astrology board book series that shares gentle thoughts about the characteristics of a child born under each star sign Dear Little Capricorn Did you know that you are ambitious wise and practical Every Capricorn baby and toddler born December 22nd January 20th is going to need this charming gentle board book that allows grown ups and children to share the many lovely qualities that make each Capricorn kid special Little ones just like adults will love knowing what the traits of their star sign are all the while learning that they are unique wonderful and above all so loved The absolute perfect gift for baby showers first birthdays and any time a baby is celebrated the Baby Astrology series lets little ones know that they are ALL stars Baby Astrology: Dear Little Leo Roxy Marj,2020-04-28 Discover what makes every Leo baby special This perfect book for your little star is part of a gorgeous and 100% giftable 12 book astrology board book series that shares gentle thoughts about the characteristics of a child born under each star sign Dear little Leo did you know that you are generous warmhearted and cheerful Every Leo baby and toddler born July 23 to August 22 is going to need this charming gentle board book which allows grown ups and children to share the many lovely qualities that make each Leo kid special Little ones just like adults will love knowing the traits of their star sign while learning that they are unique wonderful and above all so loved The absolute perfect gift for baby showers first birthdays and anytime a baby is celebrated the Baby Astrology series lets little ones know that they are ALL stars *Child Astrology* M.
