McNair,2022-10-21 Contributions by Jani L Barker Rudine Sims Bishop Julia S Charles Linen Paige Gray Dianne Johnson Feelings Jonda C McNair Sara C VanderHaagen and Michelle Taylor Watts *The Brownies Book* occupies a special place in the history of African American children s literature Informally the children s counterpart to the NAACP s *The Crisis* magazine it was one of the first periodicals created primarily for Black youth Several of the objectives the creators delineated in 1919 when announcing the arrival of the publication To make them familiar with the history and achievements of the Negro race and To make colored children realize that being colored is a beautiful normal thing still resonate with contemporary creators readers

and scholars of African American children's literature. The meticulously researched essays in *A Centennial Celebration of The Brownies Book* get to the heart of The Brownies Book project using critical approaches both varied and illuminating. Contributors to the volume explore the underappreciated role of Jessie Redmon Fauset in creating *The Brownies Book* and in the cultural life of Black America; describe the young people who immersed themselves in the pages of the periodical; focus on the role of Black heroes and heroines; address *The Brownies Book* in the context of critical literacy theory; and place *The Brownies Book* within the context of Black futurity and justice. Bookending the essays are reprinted in full the first and last issues of the magazine. *A Centennial Celebration of The Brownies Book* illuminates the many ways in which the magazine simultaneously beautiful, complicated, problematic, and inspiring remains worthy of attention well into this century.

**Writing African American Women** Elizabeth A. Beaulieu, 2006-04-30. Women have had a complex experience in African American culture. The first work of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective. Yolanda Williams Page's *Encyclopedia of African American Women Writers* provides biographical entries on more than 150 literary figures; this book is much broader in scope. Included are several hundred alphabetically arranged entries on African American women writers as well as on male writers who have treated women in their works. Entries on genres, periods, themes, characters, historical events, texts, places, and other topics are included as well. Each entry is written by an expert contributor and relates its subject to the overall experience of women in African American literature. Entries cite works for further reading, and the encyclopedia closes with a selected general bibliography. African American culture is enormously diverse, and the experience of women in African American society is especially complex. Women were among the first African American writers, and works by black women writers are popular among students and general readers alike. At the same time, African American women have been oppressed, and texts by black male authors represent women in a variety of ways. The first of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective and thus significantly illuminates the African American cultural experience through literary works. Included are several hundred alphabetically arranged entries written by numerous expert contributors. In addition to covering male and female African American authors, the encyclopedia also discusses themes, major works, and characters, genres, periods, historical events, places, and other topics. Included are entries on such authors as Maya Angelou, James Baldwin, Frederick Douglass, Nikki Giovanni, June Jordan, Claude McKay, Ishmael Reed, Sojourner Truth, Phillis Wheatley, and many others. In addition, the many works discussed include *Beloved*, *Blanche on the Lam*, *I know Why the Caged Bird Sings*, *The Men of Brewster Place*, *Quicksand*, *The Street*, *Waiting to Exhale*, and many more. The many topical entries cover Black Feminism, Black Nationalism, Conjuring, Children's and Young Adult Literature, Detective Fiction, Epistolary Novel, Motherhood, Sexuality, Spirituality, Stereotypes, and many others. Entries relate their topics to the experience of African American women and cite works for further reading. Features and Benefits: Includes hundreds of alphabetically arranged entries. Draws on the work of numerous

expert contributors Includes a selected general bibliography Offers a range of finding aids such as a list of entries a guide to related topics and an extensive index Supports the literature curriculum by helping students analyze major writers and works Supports the social studies curriculum by helping students use literature to understand the experience of African American women Covers the full chronological range of African American literature Fosters a respect for cultural diversity Develops research skills by directing students to additional sources of information Builds bridges between African American history literature and Women s Studies

*Rereading the Harlem Renaissance* Sharon L. Jones,2002-12-30 African American writers of the Harlem Renaissance generally fall into three aesthetic categories the folk which emphasizes oral traditions African American English rural settings and characters from lower socioeconomic levels the bourgeois which privileges characters from middle class backgrounds and the proletarian which favors overt critiques of oppression by contending that art should be an instrument of propaganda Depending on critical assumptions regarding what constitutes authentic African American literature some writers have been valorized others dismissed This rereading of the Harlem Renaissance gives special attention to Fauset Hurston and West Jones argues that all three aesthetics influence each of their works that they have been historically mislabeled and that they share a drive to challenge racial class and gender oppression The introduction provides a detailed historical overview of the Harlem Renaissance and the prevailing aesthetics of the period Individual chapters analyze the works of Hurston West and Fauset to demonstrate how the folk bourgeois and proletarian aesthetics figure into their writings The volume concludes by discussing the writers in relation to contemporary African American women authors
