the Christian Church Fred Bernal,2022-03-09 With an eternal perspective the pages of this book express a deep desire that the members of the body of Christ be empowered to return to the simple message of the first century church to reconcile the world to its loving Creator for their everlasting abode with him In an effort to bring unity these pages will focus on the essential beliefs that can unite all believers as it identifies some nonessentials that tend to divide them As some current aspects of today s church are compared to the early church the reader will be challenged to rethink how today s church should redirect its priorities energy and resources to fulfill its divine mission to bring light and hope to all the inhabitants of the world It is through the eyes of our Savior s own words that this comparison can be made It is all about him He came to announce the kingdom to teach the principles of that kingdom to live by and to open the door to that kingdom by taking our sins and dying on the cross for us He is the one who desires that all his own be one He is the one who brought the message of life after death He is the one that desires that his children be a sanctified people Finally it is not a case of if Jesus were here today but it is a reality that he will come soon to receive all who love his appearing It is the aim of this book to help prepare his people to receive him as a sanctified church busy in advancing his everlasting purposes *Jesus and the Church* Paul Avis,2020-11-26 What is church s true foundation Was the Christian church founded by Jesus or does the Eucharist make the church Paul Avis sets out his own answer to these questions Gathering a wide range of critical scholarship he argues that there is something solid and dependable at the foundation of the church s life and mission Avis argues that Jesus wanted a church in a sense but not as we know it Christ proclaimed the gospel of the Kingdom and his disciples proclaimed the gospel whose content was Jesus himself the Kingdom in person The church is battered and divided but at its core is a treasure that is indestructible the gospel of Christ embodied in word and sacrament A central theme of the book is the relationship between the church and Christ the church and the gospel the church and the Kingdom Jesus Christ crucified and risen is the sole foundation of the church but he cannot be without his people **The General History of the Christian Church** Charles Walmesley,1812 The History of the Christian Church: from the Earliest Times to the Death of Constantine, A.D. 337 ... Frederick John Foakes-Jackson,1891 *The American Church in Black and White* Gregory Emanuel Bryant,2016-05-14 *The American Church in Black and White* is a book born out of the authors love for Gods church It was shaped and given form and text in the crucible of the authors experience as a pastor of several Indiana congregations congregations that attempted to create a Christian counter narrative to the tragic narrative and legacy of our nations history of slavery and racism Cautiously optimistic in tone the author posits that if the American church is going to live into Christs prayer request for His church to be one John 17 21 if the church is going to deal effectively with the fallen powers and win people to the Lord then Christians will have to face and overcome the complex and tragic history of racial antipathy in this country also the church will have to learn how to successfully navigate a spiritual and cultural minefield The author has distilled the three main cultural controversies mines that can explode implode the churchs intercultural hopes

down to 1 Culturally Based Worship Preferences 2 Culturally Based Views on Ministerial Authority and 3 Biblical Hermeneutics in Black and White It is the authors conviction that in spite of these areas of potential conflict God has given the church the power to become an intercultural community that is distinctive attractive and authentically Christian The Christian Church the Early Years Richard Irwin Oxley,2009-05-01 The sources of Christian church history the data on which we rely for our knowledge are partly divine partly human For the history of the apostolic age until about A D 68 or 69 we have the inspired writings of the Old and New Testaments But after the death of the apostles we have only human authorities which of course cannot claim to be infallible We will follow the chronological record of events for the early Christian Church including dates places and persons involved from the infancy of John the Baptist to the Death of John This is the period dating from B C 5 or 4 to the Death of The Apostle John which happened in a period between A D 98 100 We will also give a detailed account of the Jewish war which started in AD 66 and concluded in AD 73 This includes details of the destruction of the Temple in AD 70
