Rickwood's Fortune Telling Book Gypsy Rickwood, 2020-09-17 This intriguing book on the mystic art of fortune telling was
first published in the 1920s and is very scarce in its first edition OBSCURE BOOKS PRESS has now re-published it using the
original text Gypsy Rickwood wrote this book for the English speaking public in the hope that would give good counsel to
many and some amusement to those who regard it simply as a game His method is a very old one practiced by wandering
tribes of gypsies long before it was ever set down roughly on paper and the answers to the questions have been slightly
modernized by the original translator One hundred and twenty five pages are divided into the fifty four questions which a
fortune teller is most likely to be asked These are almost always on four main subjects Concerning Life Concerning Love
Concerning Chance The Last Lap Old age and the distant Future The gypsy's reply depends upon a turn of the card with
some 3000 answers listed in the book The author emphasises that the accuracy of the answers depends largely on the
sincerity of the questioner If questions of an unsuitable nature are asked the answers should be given in the same frivolous
vein This is a most entertaining little book which will prove both a source of amusement to some and thought provoking to
others From the truth to a lie is but a hand's breadth Romany Proverb *The Gypsy Queen Dream Book and Fortune Teller*
... Madame Juno, 1921 *The Farmer* , 1940 **The Gipsy Fortune Teller** W. Parker, 2017-07-10 1st A child born on this
day will not live to any great age is likely to have many excellent friends and will do well in business have much money and
property of a very hasty temper liable to fevers falls hurts bruises harm by horses will marry at 19 or 22 years of age This day
is good to send messages write letters apply to surgeons take medicine travel or open shops favourable to sell but not to buy
aged people may favour you on this day 2nd A child born on this day will be fortunate and gain much by their own
perseverance they will have few enemies and may gain by deaths of good temper and obliging disposition and will enjoy

tolerable good health throughout life The most successful years for gain and good fortune rises in life moderate good health liable to have imprisonment The most successful time for gain and prosperity commences after 38 years of age will marry in the 21st or 25th year of age This day is good to take medicine and to deal with Ironmongers Jewellers Booksellers and those who sell ladies wearing apparel good to marry and send letters to either sex commence law suits c 4th *Gypsy Witch Fortune Teller* Carleton Britton Case,1916 The Original Gypsy Fortune Teller and Dream Book ,1905 **Buckland's Complete Gypsy Fortuneteller** Raymond Buckland,1997-11-08 This layout sheet is intended to accompany The Buckland Gypsy Fortunetelling Deck of Tarot cards *Gypsy Fortune Telling & Tarot Reading* Raymond Buckland,1998 **Gypsy Sorcery and Fortune Telling** Charles Godfrey Leland,1962-01-01 It is no great problem ill ethnology or anthropology as to how gypsies became fortune tellers We may find a very curious illustration of it in the wren This is apparently as humble modest prosaic little fowl as exists and as far from mystery and wickedness as an old hen But the ornithologists of the olden time and the myth makers and the gypsies who lurked and lived in the forest knew better They saw how this bright eyed strange little creature in her elvish way slipped in and out of hollow trees and wood shade into sunlight and anon was gone no man knew whither and so they knew that it was an uncanny creature and told wonderful tales of its deeds in human form and to day it is called by gypsies in Germany as in England the witch bird or more briefly chori-hani the witch Just so the gypsies themselves with their glittering Indian eyes slipping like the wren in and out of the shadow of the Unknown and anon away and invisible won for themselves the name which now they wear Wherever Shamanism or the sorcery which is based on exorcising or commanding spirits exists its professors from leading strange lives or from solitude or wandering become strange and wild looking When men have this appearance people associate with it mysterious power This is the case in Tartary Africa among the Eskimo Lapps or Red Indians with all of whom the sorcerer voodoo or medaolin has the eye of the fascinator glittering and cold as that of a serpent So the gypsies from the mere fact of being wanderers and out of doors livers in wild places became wild looking and when asked if they did not associate with the devils who dwell in the desert places admitted the soft impeachment and being further questioned as to whether their friends the devils fairies elves and goblins had not taught them how to tell the future they pleaded guilty and finding that it paid well went to work in their small way to improve their science and particularly their pecuniary resources It was an easy calling it required no property or properties neither capital nor capitol shiners nor shrines wherein to work the oracle And as I believe that a company of children left entirely to themselves would form and grow up with a language which in a very few years would be spoken fluently 1 so I am certain that the shades of night and fear pain and lightning and mystery would produce in the same time conceptions of dreaded beings resulting first in demonology and then in the fancied art of driving devils away For out of my own childish experiences and memories I retain with absolute accuracy material enough to declare that without any aid from other people the youthful mind forms for itself strange and seemingly supernatural phenomena A tree or bush waving in the

night breeze by moonlight is perhaps mistaken for a great man the mere repetition of the sight or of its memory make it a personal reality Once when I was a child powerful doses of quinine caused a peculiar throb in my ear which I for some time believed was the sound of somebody continually walking upstairs Very young children sometimes imagine invisible playmates or companions talk with them and actually believe that the unseen talk to them in return I myself knew a small boy who had as he sincerely believed such a companion whom he called Bill and when he could not understand his lessons he consulted the mysterious William who explained them to him There are children who by the voluntary or involuntary exercise of visual perception or volitional eye memory reproduce or create images which they imagine to be real and this faculty is much commoner than is supposed In fact I believe that where it exists in most remarkable degrees the adults to whom the children describe their visions dismiss them as fancies or falsehoods Even in the very extraordinary cases recorded by Professor HALE in which little children formed for themselves spontaneously a language in which they conversed fluently neither their parents nor anybody else appears to have taken the least interest in the matter However the fact being that babes can form for themselves supernatural conceptions and embryo mythologies and as they always do attribute to strange or terrible looking persons power which the latter do not possess it is easy without going further to understand why a wild Indian gypsy with eyes like a demon when excited and unearthly looking at his calmest should have been supposed to be a sorcerer by credulous child like villagers All of this I believe might have taken place or really did take place in the very dawn of man's existence as a rational creature that as soon as the frontal convolution of the brain which monkeys do not possess had begun with the genial tubercle essential to language to develop itself then also certain other convolutions and tubercles not as yet discovered but which ad interim I will call the ghost making began to act Genial they certainly were not little joy and much sorrow has man got out of his spectro facient apparatus perhaf it and talk are correlative he might as well many a time have been better off if he were dumb
