Excerpt from The Consciousness of Jesus Christ that the evangel was uttered but rather that men should receive Christ and live into his conscious being as he in the house of his humanity lived into the conscious life of the Father A too great exhibit of the detail of the earthly walk of Jesus would have defeated the exclusive ends of that which was written that reading we might believe and that believing we might be saved A strictly scientific study of the consciousness of Jesus would fall short of the ends at which we aim Every thoughtful student of modern day theological literature has noted the too frequent absence of both the spirit and the letter Of subjective inquiry from the methods of criticism The critics have contented themselves with examining the aspects of the Old and New Testament Scriptures rather than looking deeply into the spirit and purpose of their writers Stress is laid upon his torical accidents textual peculiarities and difficulties rather than upon the tremendous facts symbolized by and latent in the writings whose peculiarities and difficulties are About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works The

How Did Jesus Know He Was God? William Chami,2020-04-02 The self consciousness and human knowledge of Christ is a contemporary christological issue which seeks to understand the awareness that the God man Jesus Christ possessed of himself during his life on earth The present question primarily concerns itself with exploring how the Son knows that he is the Son in his human mind Traditionally this question has been asked and answered that through the beatific vision the Son knew himself as divine in his human mind However recent theories advanced by scholars seem to preclude any notion of beatific knowledge in the Incarnate Son This book explores the perspectives of three main authors Jacques Maritain Karl Rahner and Thomas Weinandy in relation to the present question and attempts to provide an answer for how the Incarnate Son apprehended his divine identity through his human operations Considered also is the scope of Christ s human knowledge with regard to two specific objects of knowledge These concern whether the Son as man had an awareness of those for whom he gave his life Gal 2 20 and whether the Son was really ignorant of the eschatological final day and hour Mark 13 32 Matt 24 36
