them have cherished rituals that connect them to their city in a unique way favorite restaurants delis museums parks
galleries landmarks haunts and hideaways For one resident it may be watching tango dancers on Saturday nights in Central

Manhattan skyline from across the East River Perhaps it entails choosing from the many varieties of bread at Rock Hill Bake
House in the Union Square Greenmarket or simply walking across 46th Street and ending up at the great Broadway hangout

Mackintosh,2017-04-24 In Newspaper City Phillip Gordon Mackintosh scrutinizes the reluctance of early Torontonians to
pave their streets He demonstrates how Toronto s two liberal newspapers the Toronto Globe and Toronto Daily Star
nevertheless campaigned for surface infrastructure as the leading expression of modern urbanity despite the broad
resistance of property owners to pay for infrastructure improvements under local improvements by laws To boost paving
newspapers used their broadsheets to fashion two imagined cities for their readers one overrun with animals dirt and
marginal people the other civilized modern and crowned with clean streets However the employment of capitalism to
generate traditional public goods such as concrete sidewalks asphalt roads regulated pedestrianism and efficient
automobilism is complicated Thus the liberal newspapers promotion of a city of orderly infrastructure and contented people
in actual Toronto proved strikingly illiberal Consequently Mackintosh s study reveals the contradictory nature of newspapers
