Jobe Sr.,2011-09-12 Let me ask you have you ever said to yourself I would love to travel and see the rest of the world or I would love to have a more fulfilling and successful life After which you suddenly snapped back to reality and said Oh well Why do we say oh well and dismiss the many desires we have never attempting to obtain them Do we feel those things are for someone else An elite group of people or someone with an IQ off the charts Statics show 67 percent of the population has a general idea of what they want but only about 10 percent of the population go after their dreams Why do we see what we want but most never reach out to grab it relationships career changes weight loss and many other things we long to have or do Also answer this why do we continue to go to a job we hate I know we need money to pay the bills but everybody needs money even the successful ones in life Yet many have broken through the invisible barrier some believe separates the winners from the losers Also is it possible many of us are victims of our past I know for some those are unsettling questions but its not a coincidence why many are not pursuing their dreams but is a result of what I call The Passion Thieves Most of us are unaware of the many subtle passion thieves that steal our momentum in life Before you sail to the stars you must first discover whats been dismantling your drive If your life is mediocre and you would like to jump start your world then this book will give you the edge you need In Discovering the Passion Thieves of Success and Unleashing the Real you Ive combined a gentle mixture of life coaching personal counseling and years of practical experience to enhance your life in multiple areas by exposing the many passion thieves around you Learn How perceptions affect us How your childhood may have affected you The effects of Fear on your road to success The seventeen passion thieves on your road to success The passion thieves of marriage The passion thieves of the blended family The role of the reticular activator in your life Discover whats been stealing your drive to live your dreams and start running the race of life to win *Meditations on the Passion of Our Lord* Joseph Oswald Smith,1922 **The Religion of the Samurai** Kaiten Nukariya,1913 The Watches of the Sacred Passion with Before and After Peter Gallwey,1896 **The Watches of the Sacred Passion, with Before and After** Peter Gallwey (S.J.),1894 Passion and Criminality in France Louis Proal,1901 **"The Master Key" to the Problems of Passion Week and the Resurrection, According to the Scriptures** Nelson W. Strong,2017-04-26 This book examines William Langland s late medieval poem The Vision of Piers Plowman in light of contemporary intellectual thought David Strong argues that where the philosophers John Duns Scotus and William of Ockham revolutionize the view of human potential through their theories of epistemology ethics and freedom of the will Langland vivifies these ideas by contextualizing them in an individual s search for truth and love Specifically the text ponders the intersection between reason and the will in expressing love While scholars have consistently noted the text s indebtedness to these higher strains of thought this is the first book length study in over thirty years that explores the depth of this interconnection and the only one that considers the salience of both Scotus and Ockham It is essential reading for medieval literary specialists and students as well as any cultural historian who desires to augment their knowledge of truth and love
