**Cinderella Syndrome** Mrs Becky R Tinsley,2013-04-04 The heart of every little girl holds the dream of being a beautiful princess of living life in a fantasy world where a handsome prince comes to sweep her off her feet with his forever love With all her heart she wants someone to fight her battles someone to love her forever and someone to give her all that she ll ever need to be happy The little girl in the Fairy Tale called CINDERELLA must have started off the very same way back when she was given the name of Ella which means Torch and Bright Light Back when her Mother and Father first held her and loved her After her Mother died and her Father forgot about his love for her the evil Step Mother and ugly Step Sisters began to force their selfish ideas and demands on Ella They forced her into a place where she changed who she really was on the inside They began to call her Cinder Ella because she was always dirty from tending the cinders of the fires to keep them warm and filled The hatred and evil that poured from her Step Mother and Step Sisters all but destroyed the light in Ella s life Cinderella went through a horrible

metamorphosis at the hands of the intruders allowed in to her own home She bowed to their wishes and surrendered to their whims whatever made them happy was what she was required to do and to be She lost her own identity by believing that they had the right to do this to her She absorbed their darkness and caused her own light to be almost snuffed out in the process There is something sadder happening in reality than what happened to Cinderella in this fairy tale It is what happens to too many little girls too many young ladies and even to older women It is the traumatic process that females of all ages go through when they let other people around them dictate who they should be and what they should do Whether it s parents siblings relatives friends bosses peers or strangers little girls in various ages and stages too often bend the rules of what s right and they let wrongs be done to them CINDERELLA SYNDROME is a book that will show how this happens what to do to stop it how to fix what has been broken and where to go for all the answers The tools that will be revealed are already written in the Word of God supernatural instruments that can mend any broken heart and set all things in order for any Princess to find her real Prince With the help of her Fairy Godmother Cinderella was finally able to go to the King s Ball and joyfully found herself in the arms of the awesomely handsome Prince Cinderella was thrilled to be chosen to be his Bride and lived happily ever after as the Princess she had always dreamed of being In CINDERELLA SYNDROME any woman young or old will be able to discover that with the supernatural help of the King of kings she can dance forever in the arms of her Beloved Prince of Peace Jesus Christ [Confessions of a Serial Dater](#) Michelle Cunah,2009-10-13 Another great tale of love gone wild from author Michelle Cunah a favourite voice of Avon Trade fans whose loveable characters are creating a stir A good relationship is like a pair of comfortable shoes right At first they may pinch and squeeze but with time and blisters they mould to your feet for a perfect fit Rosie Mayford isn t sure she believes this theory after all she takes a size eleven wide so she has first hand experience of the trials and tribulations of finding exactly the right shoes She s praying finding the right man won t be nearly that hard With the help of her meddling family and friends it s not even if she partly found a Mr Right just to get them off her back But now what Rosie and Jonathan couldn t be in more different places in their lives and they are about to find out just how exhilarating and disastrous a mismatched love affair can be Will they get to the part where they re broken in and life is nothing but great sex and comforting hugs or will one of them get sent off in scorn like a pair of too small stilettos that felt okay in the store What do you do when Mr Right gets the timing wrong **A Study to Determine the Validity of the "Cinderella Syndrome"** Virginia J.
