Thinking Sex with the Early Moderns Valerie Traub,2016 What do we know about early modern sex and how do we know it How when and why does sex become history In Thinking Sex with the Early Moderns Valerie Traub addresses these questions and in doing so reorients the ways in which historians and literary critics feminists and queer theorists approach sexuality and its history Her answers offer interdisciplinary strategies for confronting the difficulties of making sexual knowledge Based on the premise that producing sexual knowledge is difficult because sex itself is often inscrutable Thinking Sex with the Early Moderns leverages the notions of opacity and impasse to explore barriers to knowledge about sex in the past Traub argues that the obstacles in making sexual history can illuminate the difficulty of knowing sexuality She also argues that these impediments themselves can be adopted as a guiding principle of historiography sex may be good to think with not because it permits us access but because it doesn't

Inventing Agency Claudia Brodsky,Eloy LaBrada,2017-01-26 A state of the art overview and reappraisal of the literary and

philosophical origins of theory and in particular of modern subjectivity *Management Research Methodology: Integration of Principles, Methods and Techniques* K. N. Krishnaswamy, Appa Iyer Sivakumar, M. Mathirajan, 2006 The subject of management research methodology is enthralling and complex A student or a practitioner of management research is beguiled by uncertainties in the search and identification of the research problem intrigued by the ramifications of research design and confounded by obstacles in obtaining accurate data and complexities of data analysis *Management Research Methodology Integration of Principles Methods and Techniques* seeks a balanced treatment of all these aspects and blends problem solving techniques creativity aspects mathematical modelling and qualitative approaches in order to present the subject of Management Research Methodology in a lucid and easily understandable way Studies in Figurative Thought and Language Angeliki Athanasiadou, 2017-04-26 This volume contains original research and innovative analyses that deepen our understanding of figurative thought and language The selected papers focus on the multi faceted aspect of figuration its function in thought and its impact on areas of grammar and communication Key topics explored include metaphor metonymy and their relationship to each other as well as the less studied figure of hyperbole and its relation to the fundamental figures of metaphor and metonymy Collectively the papers examine the pragmatic reasoning processes triggered by figurative thought the lexicogrammatical motivations and or constraints on figurative language the impact of deeply entrenched figurative thought on the lexicon of natural languages the cultural origins of figurative thought and the psycholinguistic motivations for figuration The comprehensive treatment of these issues is fundamental for future research on figurative thought and language particularly on questions of universality vs specificity of figuration the impact of figuration on constructions cross linguistic comparisons of figurative language and cognitive pragmatic approaches to figurative meaning Behavioral Specifications of Businesses and Systems Haim Kilov, Bernhard Rumpe, Ian Simmonds, 2013-03-09 Behavioral Specifications of Businesses and Systems deals with the reading writing and understanding of specifications The papers presented in this book describe useful and sometimes elegant concepts good practices in programming and in specifications and solid underlying theory that is of interest and importance to those who deal with increased complexity of business and systems Most concepts have been successfully used in actual industrial projects while others are from the forefront of research Authors include practitioners business thinkers academics and applied mathematicians These seemingly different papers address different aspects of a single problem taming complexity Behavioral Specifications of Businesses and Systems emphasizes simplicity and elegance in specifications without concentrating on particular methodologies languages or tools It shows how to handle complexity and specifically how to succeed in understanding and specifying businesses and systems based upon precise and abstract concepts It promotes reuse of such concepts and of constructs based on them without taking reuse for granted Behavioral Specifications of Businesses and Systems is the second volume of papers based on a series of workshops held alongside ACM s annual conference on Object Oriented Programming Systems Languages and Applications

OOPSLA and European Conference on Object Oriented Programming ECOOP The first volume Object Oriented Behavioral Specifications edited by Haim Kilov and William Harvey was published by Kluwer Academic Publishers in 1996

Mathematical Logic A. Lightstone, 2012-12-06 Before his death in March 1976 A H Lightstone delivered the manuscript for this book to Plenum Press Because he died before the editorial work on the manuscript was completed I agreed in the fall of 1976 to serve as a surrogate author and to see the project through to completion I have changed the manuscript as little as possible altering certain passages to correct oversights But the alterations are minor this is Lightstone's book H B Enderton vii Preface This is a treatment of the predicate calculus in a form that serves as a foundation for nonstandard analysis Classically the predicates and variables of the predicate calculus are kept distinct inasmuch as no variable is also a predicate moreover each predicate is assigned an order a unique natural number that indicates the length of each tuple to which the predicate can be prefixed These restrictions are dropped here in order to develop a flexible expressive language capable of exploiting the potential of nonstandard analysis To assist the reader in grasping the basic ideas of logic we begin in Part I by presenting the propositional calculus and statement systems This provides a relatively simple setting in which to grapple with the some times foreign ideas of mathematical logic These ideas are repeated in Part II where the predicate calculus and semantical systems are studied

Proceedings of the Annual Colloquium of the Legon-Trondheim Linguistics Project, 18-20 January 2005 [i.e. 2006]: Verb constructions, phonology, lexicography Legon-Trondheim Linguistics Project. Colloquium, 2007 Studies in the Languages of the Volta Basin: Proceedings of the Annual Colloquium of the Legon-Trondheim Linguistics Project, 18-20 January 2005; Part 1: Nominal constructions, 2007 Meeting Handbook Linguistic Society of America, 2006 *Mathematical Foundations of Computer Science 1993* Andrzej M.

Borzyszkowski, 1993-08-18 This volume contains the proceedings of the 18th International Symposium on Mathematical Foundations of Computer Science MFCS 93 held in Gdansk Poland August September 1993 The MFCS symposia organized annually in Poland and the former Czechoslovakia since 1972 have a long and well established tradition Over the years they have served as a meeting ground for specialists from all branches of theoretical computer science in particular algorithms and complexity automata theory and theory of languages concurrent distributed and real time systems the theory of functional logic and object oriented programming lambda calculus and type theory semantics and logics of programs and others The volume contains 12 invited lectures and 56 contributed papers selected from 133 submissions

Journal of Linguistics, 2017 Studies in Language, 2007 English Syntax and Argumentation Bas Aarts, 2008-04-15 This successful textbook gives students a thorough grounding in the basics of sentence structure and acquaints them with the essentials of syntactic argument Now updated and expanded the third edition features an additional chapter on grammatical indeterminacy a case study on subordinating conjunctions and prepositions and new exercises **Mathematical Foundations of Computer Science**, 1993 **Proceedings of the Annual Meeting** National Association of Schools of
