Thinking About God And Morality:

Thoughts on Religion and Morality James Eddy, 1927 **God, Evil, and Morality** J. Brian Huffling, Gary J. Whittenberger, 2024-01-04 Is evil evidence against the existence of God In this lively discussion atheists Michael Shermer and Gary Whittenberger debate theist Brian Huffling about this question James Sterba atheist and Richard Howe theist provide a commentary on the debate The existence of God is the most important question that one can ask In this work the reader will hear arguments for and against God's existence as it relates to evil and suffering in a way that will appeal to scholars pastors and laypeople alike Thinking about God and Morality Lesley Parry, 2002 Sets out an approach towards the religious study This book explains the existence and nature of God and revelation in the first part while in the second half it includes issues of faith and morality looking at moral decisions issues of life and death and relationships It also covers global issues of created world poverty and war and peace *God and Morality* R. Keith Loftin, 2012-08-28 Is morality dependent upon belief in God Is there more than one way for Christians to understand the nature of morality Is there any agreement between Christians and atheists or agnostics on this heated issue In *God and Morality Four Views* four distinguished voices in moral philosophy articulate and defend their place in the current debate between naturalism and theism Christian philosophers Keith Yandell and Mark Linville and two self-identified atheist agnostics Evan Fales and Michael Ruse clearly and honestly represent their differing views on the nature of morality Important differences as well as areas of overlap emerge as each contributor states their case receives criticism from the others and responds Of particular value for use as an academic text these four essays and responses covering the naturalist moral non-realist naturalist moral realist moral essentialist and moral particularist views will foster critical thinking and contribute to the development of a well-informed position on this very important issue Memory, Narrativity, Self and the Challenge to Think God Maureen Junker-Kenny, Peter Kenny, 2004 As the first book in English to treat the most recent as yet untranslated stage of Paul Ricoeur's work the topical themes of memory and forgiveness as they relate to his theory of self and to the question of God this publication offers an overview of the fruitfulness of his categories for different theological disciplines by experts from different cultural contexts North America Britain Germany and Scandinavia Paul Ricoeur's own article on forgiveness as a dimension opened up from beyond human powers and his contributions to the discussion of his work document a new stage of interaction with Theology **Naming and Thinking God in Europe Today** Norbert Hintersteiner, 2007 Is there a new need and place for God talk in Europe The present volume both confirms this and opens up new questions for discussion It shows how different traditions of naming and thinking God in Europe draw on various theoretical and philosophical foundations that are in competition with one another in many ways Due to socio-cultural historical and political divides between Eastern and Western Europe these theological traditions often suffer from isolation and mutual misunderstanding Can the inherent tensions and conflicts be understood more adequately While exploring a variety of approaches in Europe on

the topic several authors also ask How can God be named and thought in Europe which finds itself in the midst of complex crosscultural and interreligious processes particularly as immigration increases and peoples of non Christian faith traditions name and think God in ways that differ from and sometimes conflict with Europe s dominant religion s and secular culture What function and impact will traditional God talk have in a globalizing Europe as religions such as Islam Hinduism and Buddhism move into the foreground This volume not only reveals the broad spectrum of its topic but also documents the vivid seeking undertaken by a new generation of European theologians and scholars of religion who openly engage the question of how to live and believe in Europe today facing complex global challenges Evil and the Morality of God Harold M.

Schulweis,1984 Traditional theodicies the strategies which seek to reconcile the co existence of God and evil fail more on moral than on logical grounds Those that presuppose an impersonal God substitute metaphysical good for moral good those that are informed by a personal God deny humanity s competence and right to pass ethical judgment Both types of what Schulweis calls Subject Theology deprecate the moral understanding of good and evil and leave in their wake a deity devoid of those recognizable moral features found in the biblical and liturgical tradition of monotheism After analyzing the idea of perfection which underlies the arguments of traditional theology Rabbi Schulweis proposes a predicate theology another way to understand God and the problem of evil Predicate theology applies an inversionary principle in which the subject predicate formulation of God and His attributes are reversed Not the subject but the moral predicates of Elohu or Godliness are the proper concerns of theological study Elohu is not lodged in a Thou or an It but in the discoverable predicates of divinity Predicate Theology frames the question and answer of the problem in such a way that it produces a theodicy which does not trammel the moral sensibilities of post holocaust man God and the Between William Desmond,2008-04-15 An original

work which rethinks the question of God in a constructive spirit drawing its conclusions by considering ideas received from both philosophy and religion Makes an important new contribution to the ongoing scholarly debates surrounding the intersection of philosophy and religion Suggests that this junction is not just dictated by religion having to prove its credentials to rational philosophy but that it is also a matter of philosophy wondering if religion is the ultimate partner in dialogue Includes discussion of a wide range of significant thinkers both traditional and contemporary such as Plotinus Spinoza Kant Hegel and Nietzsche and his successors Completes a trilogy of works by William Desmond complementing its companion volumes Being and the Between and Ethics and the Between Fundamental Christian Ethics Daniel

Heimbach,2022-11-01 In Fundamental Christian Ethics Daniel Heimbach draws from decades of research and scholarship to introduce the field of Christian ethics in a comprehensive manner while showing how it dialogues with modern day ethical topics and issues **Forward, a monthly magazine of liberal evangelical theology and practical Christianity** ,1868

The Deep Things of God William Bathgate,1876 God and Morality John E. Hare,2009-08-17 God and Morality evaluates the ethical theories of four principle philosophers Aristotle Duns Scotus Kant and R M Hare Uses their thinking as

Stephen Long,2005 The public theology of the Wesleyan tradition is best understood as moral theology rather than as philosophical and applied ethics Long asserts that the ethical nature of the Wesleyan tradition can be best understood using the frame of moral theology stemming from the virtue tradition particularly the work of Thomas Aquinas This recognizes that the gathering of the faithful for the purpose of seeking holiness is the public voice of the church Because we squeezed the Wesleyan tradition in the academic discipline of philosophical and applied ethics we distorted our tradition This distortion led us into our current ethical impasse particularly with money war and peace homosexuality and technology An excerpt from the Circuit Rider review In John Wesley's Moral Theology D Stephen Long offers a radical proposal By letting Wesley be Wesley in his context and thus being out of step with ours Wesley actually has more to say to us in our postmodern context Here our problem with making him relevant for today is implied in the difference between ethics and moral theology As a moral theologian Wesley believed that doing and knowing what is good can only be achieved by being united with Christ In other words the Good and the True cannot be known outside of God Thus there is no separation between ethics and theology since the former is only intelligible in the light of the latter [Click here to read the entire review](#)
