Thinking Again Education After Postmodernism:

Thinking Again Nigel Blake, 1998-04-08 The postmodern condition in which instrumentalism finally usurps all other considerations has produced a kind of intellectual paralysis in the world of education The authors of this book show how such postmodernist thinkers as Derrida Foucault and Lyotard illuminate puzzling aspects of education arguing that educational theory is currently at an impasse They argue that we need these new and disturbing ideas in order to think again fruitfully and creatively about education

What Comes After Postmodernism in Educational Theory? Michael A. Peters, Marek Tesar, Liz Jackson, Tina Besley, 2020-06-09 Marking the fiftieth anniversary of the Educational Philosophy and Theory journal this book brings together the work of over 200 international scholars who seek to address the question What happened to postmodernism in educational theory after its alleged demise Declarations of the death knell of postmodernism are now quite commonplace Scholars in various disciplines have suggested that if anything postmodernism is at an end and has been dead and buried for some time An age dominated by playfulness hybridity relativism and the fragmentary self has given way to something else as yet undefined The lifecycle of postmodernism started with Derrida's 1966 seminal paper Structure Sign and Play in the Discourse of the Human Sciences its peak years were 1973 1989 followed by uncertainty and reorientation in the 1990s and the aftermath and beyond McHale 2015 What happened after 2001 This collection provides responses by over 200 scholars to this question who also focus on what comes after postmodernism in educational theory This book was originally published as a special issue of the journal Educational Philosophy and Theory

The Methodology and Philosophy of Collective Writing Michael A. Peters, Tina Besley, Marek Tesar, Liz Jackson, Petar Jandric, Sonja Arndt, Sean Sturm, 2021-07-12 This multi authored collection covers the methodology and philosophy of collective writing It is based on a series of articles written by the authors in Educational Philosophy and Theory Open Review of Educational Research and Knowledge Cultures to explore the concept of collective writing This tenth volume in the Editor's Choice series provides insights into the philosophy of academic writing and peer review peer production collective intelligence knowledge socialism openness open science and intellectual commons This collection represents the development of the philosophy methodology and philosophy of collective writing developed in the last few years by members of the Editors Collective EC who also edit review and contribute to Educational Philosophy and Theory EPAT as well as to PESA Agora edited by Tina Besley and Access edited by Nina Hood two PESA journals recently developed by EC members This book develops the philosophy methodology and pedagogy of collective writing as a new mode of academic writing as an

alternative to the normal academic article The philosophy of collective writing draws on a new mode of academic publishing that emphasises the metaphysics of peer production and open review along with the main characteristics of openness collaboration co creation and co social innovation peer review and collegiality that have become a praxis for the self reflection emphasising the subjectivity of writing sometimes called self writing This collection under the EPAT series Editor s Choice draws on a group of members of the Editors Collective who constitute a network of editors reviewers and authors who established the organisation to further the aims of innovation in academic writing and publishing It provides discussion and examples of the philosophy methodology and pedagogy of collective writing Split into three sections Introduction Openness and Projects this volume offers an introduction to the philosophy and methodology of collective writing It will be of interest to scholars in philosophy of education and those interested in the process of collective writing Educational Research: Why 'What Works' Doesn't Work Paul Smeyers, Marc Depaepe, 2007-01-07 Education and educational research according to the current fashion are supposed to be concerned with what works to the exclusion of all other considerations All over the world and particularly in the English speaking countries governments look for means of improving student achievement as measured by standardized test scores Although such improvements are often to be welcomed they do not answer all significant questions about what constitutes good education Also the research on which they are based is not the only legitimate way to do educational research Social research and therefore educational research cannot ignore the distinctive nature of what it studies a social activity where questions of meaning and value cannot be eliminated and where interpretation and judgment play a crucial role In this book distinguished philosophers and historians of education from 6 countries focus on the problematical nature of the search for what works in educational contexts in practice as well as in theory Beginning with specific problems they move on to more general and theoretical considerations seeking to go beyond over simple ideas about cause and effect and the rhetoric of performativity that currently has educational thinking in its grip Freedom of inquiry in educational research can no longer be taken for granted Narrow definitions of what constitutes scientific research funding criteria that enforce particular research methods and policy decision processes that ignore any research that is not narrowly utilitarian create a context in many countries that discourages scholarship of a more speculative exploratory or critical sort This book brings together an exceptional combination of international and cross disciplinary scholars who bring the perspectives of history and philosophy of science to ask How did we arrive at this place and Where is educational research heading The book illuminates the anti intellectual consequences of a what works mentality in education and shows that the ostensibly scientific revolution in educational research in fact reflects an ahistorical and conceptually muddled understanding of what actually constitutes science This book could not be more timely and important Nicholas C Burbules Grayce Wicall Gauthier Professor University of Illinois With research increasingly tied to State policies with the instrumental purpose of guiding school reforms the volume provides an important historical and philosophical

The Oxford Handbook of Philosophy of Education Harvey Siegel, 2009-10-30 Philosophy of education has an honored place in the history of Western philosophical thought Its questions are as vital now both philosophically and practically as they have ever been In recent decades however philosophical thinking about education has largely fallen off the philosophical radar screen Philosophy of education has lost intimate contact with the parent discipline to a regrettably large extent to the detriment of both The Oxford Handbook of Philosophy of Education is intended to serve as a general introduction to key issues in the field to further the philosophical pursuit of those issues and to bring philosophy of education back into closer contact with general philosophy Distinguished philosophers and philosophers of education most of whom have made important contributions to core areas of philosophy turn their attention in these 28 essays to a broad range of philosophical questions concerning education The chapters are accessible to readers with no prior exposure to philosophy of education and provide both surveys of the general domain they address and advance the discussion in those domains in original and fruitful ways Together their authors constitute a new wave of general philosophers taking up fundamental philosophical questions about education the first such cohort of outstanding general philosophers to do so in English in a generation

Education, Philosophy and Politics Michael A. Peters, 2013-06-17 In the World Library of Educationalists series international experts themselves compile career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Michael A Peters has spent the last 30 years researching thinking and writing about some of the key and enduring issues in education He has contributed over 60 books authored co authored and edited and 500 articles to the field In Education, Philosophy and Politics Michael A Peters brings together 15 of his key writings in one place including chapters from his best selling books and articles from leading journals Starting with a specially written Introduction which gives an overview of Michael s career and contextualises his selection the essays are then arranged thematically to create a pathway of a way of thinking in philosophy of education which is forward looking but takes account of tradition and the past The subjects of the chapters include Wittgenstein Studies Philosophical Critique of Modernity French Poststructuralism Jean Francois Lyotard Foucault Deleuze Derrida American Pragmatism Rorty Cavell Philosophy and racism Through this book readers can follow the themes and strands that Michael A Peters has written about for over three decades and clearly see his important contribution to the field of education

Paideusis, 1998 Psychoanalysis and Pedagogy Stephen Appel, 1999-03-30 This edited collection looks at education through the lens of psychoanalysis and vice versa Each

contribution asks in effect what does it mean to be a pedagogue and an educational theorist after Freud The authors include clinical practitioners Rivka Eifermann M Robert Gardner Stephen Appel as well as academics from philosophy Trevor Pateman John Wilson Yael Shalem David Bensusan sociology Deborah Britzman curriculum studies William Pinar Madeleine Grumet and social and literary theory Valerie Walkerdine Jane Gallop James Donald The authors do not share any particular theoretical perspective only a determination to demonstrate some exciting outcomes of understanding that pedagogy is to a crucial extent unconscious and that psychotherapy is in Freud's words an after education

Bell Hooks' Engaged Pedagogy Namulundah Florence, 1998-08-27 Educational institutions like the society in which they exist may operate with racial gender and class biases that marginalize students whose cultural traits and characteristics differ from mainstream norms and practices However as bell hooks urges education can provide the means to transgress conventional limitations and biases
