**The Complete Topical Guide to the Bible** Martin Hugh Manser, Alister McGrath, J. Packer, Donald Wiseman, 2017-05-02 The Complete Topical Guide to the Bible provides Scripture references definitions and cross references for the study of the Bible by topic The topical approach differs significantly from the lexical approach of a concordance and a topical guide is an essential supplement to a concordance While a concordance is limited to the connection of biblical passages in which the same word appears the topical approach identifies and connects all of the underlying concepts related to a topic A concordance would not yield John 3 16 for a study of grace because the word grace does not appear in the verse but The Complete Topical Guide to the Bible includes John 3 16 for grace because it's an essential verse on the topic The topics in this resource include biblical doctrinal and historical subjects and they are organized into nine major categories God Jesus Christ the Holy Spirit creation humanity sin and salvation God's people the life of the believer and the last things In addition to the great themes of the biblical message practical issues of Christian living are also included [Nave's Topical Bible: a Digest of the Holy Scriptures](#) Orville James Nave, 1905 **Bible Basics - Keys to Happier Living** Keith Phillips, 2017-08-25 The Bible has been called the world's first and foremost self help book but it's far more than that it's a God's help book Between its covers you can find the keys to happiness and success in life plus the power God's power to make it happen It's all in the Bible but knowing just where to find clear well rounded counsel about a particular point or problem area has often been difficult until Bible Basics The Ultimate Topical Bible Guide From this one small volume you will learn straight from the Scriptures how to Excel in your relationships with others Build character Overcome personal
