**Standards and Ethics for Counselling in Action** Tim Bond, 2000-06-22 SAGE celebrated the 20th Anniversary of the Counselling in Action in November 2008 To view the video click here This book is very comprehensive and a useful addition to

the reading list for healthcare students Excellent student text Invaluable text This edition retains the same informative and accessible style and broadly the same order of contents as the First Edition which makes it easy for readers to track down key changes The author s extensive experience in the field of ethics in counselling and his experience as Chair of BACP underpin this updated essential and authoritative Second Edition British Journal of Guidance and Counselling Tim Bond has done a great service to the counselling profession by writing and now updating this book His particular strength must surely be his clarity in acquainting counsellors with the complexities of British law After an introduction he starts with an exploration of the origins and scope of counselling He then exemplifies cases in which a counsellor s personal and professional values collide He has collected together a host of ethical dilemmas that counsellors might have to face Naomi Stadlen Journal of the Society for Existential Analysis This highly acclaimed guide to the major responsibilities which trainees and counsellors in practice must be aware of before working with clients has now been fully revised and updated The Second Edition examines issues fundamental to the process of counselling A wide range of ethical problems are discussed and advice is given for resolving these dilemmas Tim Bond outlines the values and ethical principles inherent in counselling and points out that the counsellor is at the centre of a series of responsibilities to the client to him herself as a counsellor and to the wider community He covers topics such as confidentiality legal aspects of counselling working with suicidal clients false or recovered memory record keeping and the importance of adequate supervision

**Counselling for Alcohol Problems**

Richard Velleman,2011-02-07 Counselling for Alcohol Problems third edition is a practical and bestselling guide to working with people who have problems with their use of alcohol It is the key book recommended by most alcohol counselling courses in the UK including the Scottish national alcohol counsellors training scheme The author provides clear guidance for counsellors and demonstrates the need to treat every client as an individual attempting to understand and therefore enable the client to understand what they are doing and why This new edition includes New content on the current political social and counselling context surrounding alcohol use A wider range of case studies New ideas that help students and trainees develop the skills and strategies they need for working with their clients Further guidance for generic or non alcohol counsellors who face alcohol problems with their clients This third edition is an invaluable resource for practitioners both those specialising in work with alcohol misusers and those who encounter problem drinkers in the context of a more general counselling practice

Counselling Skills for Nurses, Midwives and Health Visitors Dawn Freshwater,2003-04-16 This book is compact and easy to read and could make a significant contribution to practitioners ability to communicate effectively and make their practice patient centred Journal fo Clinical Nursing This is a delightful book which is well written easy to read and suitable for students qualified nurses and those who are specialist nurses Journal of Community Nursing Counselling is a diverse activity and there are an increasing number of people who find themselves using counselling skills not least those in the caring professions There is a great deal of scope in using counselling skills to promote health in the everyday encounters

that nurses have with their patients The emphasis on care in the community and empowerment of patients through consumer involvement means that nurses are engaged in providing support and help to people to change behaviours Community nurses often find themselves in situations which require in depth listening and responding skills for example in helping people come to terms with chronic illness disability and bereavement Midwives are usually the first port of call for those parents who have experienced miscarriages bereavements or are coping with decisions involving the potential for genetic abnormalities Similarly health visitors are in a valuable position to provide counselling regarding the immunization and health of the young infant These practitioners are having to cope not only with new and diverse illnesses for example HIV and AIDS but also with such policy initiatives as the National Service Framework for Mental Health and their implications This book examines contemporary developments in nursing and health care in relation to the fundamental philosophy of counselling the practicalities of counselling and relevant theoretical underpinnings Whilst the text is predominantly aimed at nurses midwives and health visitors it will also be of interest to those professionals allied to medicine for example physiotherapists occupational therapists and dieticians
