**Beyond the Wall** Marco Carnovale,2018-12-08 1980 the Cold War between capitalist West and socialist East is in full swing Tensions are high but at the academic level some channels of useful exchange remain open The author and two classmates would join one such program linking a leading American university and its counterpart in Poland They travel to Warsaw here by car and in addition to attending classes travel far and wide within the country as well as to several of the neighbors in the socialist bloc where the Soviet Union called all the shots They drive across the USSR and visit the Berlin Wall the symbol of the division of Europe Throughout Marco took detailed notes of what they saw and heard Almost four decades later the East West division of Europe is gone Marco recently found his diary and decided to publish an expanded version of it His written notes from 1980 have been enriched with descriptions and analyses of historical events that will help the reader see his personal experience in a more significant cultural social political and economic context The author hopes this real life story will help younger generations who did not live through the Cold War better appreciate the blessing of living in a European continent that is immensely more open rich and free than it was then *Italy and Her Invaders: The Lombard invasions, 553-600* Thomas Hodgkin,1916
